# 2022 Accounts

---

# Management and Corporate Governance Report

Dear Shareholders,

According to the Law and our Articles of Association, we have convened this General Meeting to report to you on the activity of our Company and its subsidiaries during the financial year and submit for your approval the Annual Accounts and the Consolidated Financial Statements on 31 December 2022 and also provide you with information about the Corporate Governance of our Company (Articles 225-37 al.6; L. 225-68 and L. al.6 226-10-1 of the French Commercial Code).

Pursuant to Article L. 225-102-1 of the French Commercial Code and the effect of the transposition of the European Directive on non-financial reporting, we will publish a Non-financial performance statement for FY 2022 in a Report appended to this Management Report, together with a verification performed by an independent Third-party organisation.

## Group activities and results

The scope consists mainly of the Pumps Sector held through its subsidiary PCM SA, the other sector being the Holding company's real estate activity.

**Consolidated turnover for FY 2022 amounted to €135.4 million against €101.3 million in 2021, up 33.7%.**

**On a like-for-like basis, the increase is 28.0%**

FY 2022 was characterised by continued strong growth in Oil & Gas in the America zone, as well as stability in Food & Industry.

Consolidated turnover from other activities amounted to €0.3 million, compared to 0.2 million in 2021.

## Detailed comments on the consolidated results

**The Group's consolidated operating income in 2022 amounted to a profit of €12.1 million against €5.8 million in 2021, up €6.3 million.**

The Pumps Sector's contribution increased, amounting to €12.9 million (€6.7 million in 2021). Like last year, it included €5.4 million of fees in a licensing contract that will end in June 2024.

The growth in activity explains this performance despite any impact due to the increase in the price of materials, procurement, logistics and energy costs as well as a rise in payroll expenses.

The contribution of the real estate activity of the Holding was negative for €0.8 million at the same level as last year.

**Operating income for 2022 was positive at €11.9 million against €7.1 million in 2021, up €4.8 million.** It included €1.1 million in property capital gains in Canada in 2021.

**The consolidated financial result 2022 was negative at €2.3 million compared to positive at €0.9 million** the previous year, due to valuations of bond fund investments leading to a depreciation of €2.1 million, negative net currency effects of €0.7 million and other positive net financial income amounting to €0.5 million.

**In 2022, net charges of consolidated tax totalled €1.3 million against €0.4 million in 2021.**

**Consolidated net income for FY 2022 of integrated companies was €8.3 million against €7.6 million in profit in 2021, up by €0.6 million.**

The share of income from equity-method companies was positive at €0.2 million. This mainly concerns the participation in the results of the Italian Company, 3P Prinz, for the holding period in 2022.

The proportion of income attributable to minority interests amounted in 2022 to a profit of €0.5 million against €0.4 million in 2021.

**Ultimately, the Group share of Consolidated net income for 2022 activities amounted to a positive €8.0 million against a positive €7.2 million in 2021.**

**The cash flow from operations, remained positive: €13.3 million against €12.1 million in 2021.**

*The contribution of different activities to overall consolidated results sectors is developed in the Appendix of the Consolidated Financial Statements (Note 19).*

## Group investments

2022 investments amounted to €9.8 million (including €6.8 million in property investments and €3.0 million in industrial investments) compared to €12.7 million (including €9.3 million in property investments) in 2021.

A minority shareholding of 40% for an amount of €1.2 million, supplemented by a financial advance of €0.6 million, and a framework cooperation agreement were concluded with the Italian company, 3P Prinz SRL. This company manufactures positive displacement pumps in fields of activity complementary to ours.

Finally, no investments were made during the year, bringing the Group to hold a significant stake in a company having its registered office in French territory.

## Jobs

**The Group's workforce on 31 December 2022, excluding temporary staff, totalled 724 people, including 408 outside France,** against 665 people, including 343 outside France in late December 2021.

## Structure of the consolidated balance sheet

**The consolidated balance sheet at the end of 2022 amounted to €308.5 million against €293.3 million at the end of 2021, i.e. a decrease of €15.2 million.**

Non-current assets of €56.0 million were up €9.3 million. This net variation is mainly due to net investments of €7.2 million (including property investments in France of €6.8 million) and financial investments of +€2.1 million.

Current assets at €252.5 million were up by €5.9 million.

This net variation is due to stock variation for +€10.9 million, an increase in trade receivables (+ €12.2 million), other debtors (+€1.6 million), bank deposits over three months cash (+ €51.3 million) offset by the decrease in cash (- €69.8 million).

General cash is down €18.5 million.

€212,7 million in equity was up by €5.3 million, corresponding to: +€8.5 million in consolidated results in 2022, + €0.5 million in translation differences, + €0.4 million in miscellaneous and -€1.8 million in share capital in October 2022 and €-2.3 million in dividends.

Provisions for risks and charges, at €2.8 million, were down sharply by €0.5 million.

Debts of €93.0 million were up €10.3 million due to higher operating debts + €5.7 million (including suppliers +€5.7 million, prepaid income of -€1.1 million, other debts +€1.1 million), advances and down payments +€3.5 million, financial debts +€1.8 million (including €1.4 million related to the application of IFRS 16 and €0.4 million net variation in borrowings) and debts on fixed asset suppliers +€0.1 million, offset by lower deferred tax liabilities -€0.8 million.

## Consolidated financial structure

The consolidated net financial structure (current financial assets and cash and cash equivalents, minus loans taken out with banks and miscellaneous financial debts) is positive and amounted to €122.4 million, a decrease of €20.2 million compared to the previous year due to the €69.8 million decline in net cash offset and the €1.7 million increase in financial debt offset by the increase in current financial assets for €51.3 million (variation in bank deposits at over three months).

**In total, current assets amounted to €252.5 million largely covering all debts to third parties within one year, amounting to €87.6 million.**

To summarise, the "debt / equity" ratio was 3.1% against 2.3% at the end of 2021.

The "debt / turnover" ratio amounted to 4.8% against 4.7% at the end of 2021.

The total financial cost of the debt stood at the end of 2022 at €197 K (0.1% of turnover) against €187 K at the end of 2021 (0.2% of turnover).

## Activity of the Parent Company

**The turnover of Gévelot SA, the Parent Company, was €966 K in 2022 against €792 K in 2021.**

Rents at €298K increased by €31K over the past year, mainly due to the rental yield of the new Levallois-Perret office space acquired in November 2022.

They correspond to the leases of Levallois-Perret office space made available to a subsidiary and third party companies.

Services were invoiced at €668 K, up €143 K.

Other income and miscellaneous slightly increased at €118 K.

Overall, operating income amounted to €1,084K against €877 K, an increase of €207 K.

Operating expenses at €2,064 K against €1,837 K in 2021 were up €227 K.

Purchases and external expenses of €887 K were up €155 K, due to higher expenses related to the Holding company's activities (fees and commissions) and co-ownership expenses on the Levallois buildings.

Taxes amounted to €117 K and are stable.

Payroll costs at €909 K increased by €37 K.

Depreciation and amortisation expenses slightly increased at €69 K.

Other expenses at €82 K rose by €15 K.

**The year's operating income amounted to a negative €980 K against a negative €960 K in 2021.**

**The financial income was negative and amounted to €234 K compared to a positive €2,394 K in 2021.**

In 2022, a dividend of €1,502 K was received from PCM SA (unchanged compared to 2021), financial income for €317 K, net foreign exchange gains for €3K. At the end of 2022, as part of an unrealised loss on our bond investments due to the unpredictable and very strong rise in Central Banks' key interest rates, a net depreciation of €2,056 K had to be established.

**The pre-tax result showed a deficit of €1,214 K against a positive €1,434 K in 2021.**

**The extraordinary pre-tax result was negative: -€19 K, identical to 2021.**

In the absence of own taxes, and after €675 K of tax savings related to the tax integration scheme, **Gévelot S.A.'s net income was negative in 2022 and amounted to €558 K compared to a positive €1,754 K in 2021.**

## Activity of the Subsidiary (PCM SA)

The main information about PCM SA presented below is extracted from Financial statements prepared in accordance with local rules.

### Financial data (in millions of euros)

| Subsidiary | Turnover | Operating result | Financial result | Extraordinary result |
|------------|----------|------------------|------------------|----------------------|

## Group's research and development activities

For the entire Group, Research and Development spending for the Pumps sector amounted in 2022 to 0.8% of turnover, including €1.1 million that are eligible for Research tax credits, and generated tax credits amounting to €0.3 million.

2022 was a strong year for Research and Development activities with two new patents in the fields of ALS & hygienic design, reinforcing our position as a technological leader.

For the Food & Industry business, the first connected pumps and the first pumps with the In-Place Maintenance system were installed at our customers' premises. Our sales catalogue has been enriched with more hygienic products and/or greater capacities such as HyFeed, "large volume" Dosymix, the new aseptic DACC doser, or products to develop new markets such as EcoMoineau TM LX to pump Lithium.

For Oil & Gas, PCM's leadership in metal additive manufacturing has enabled us to develop, sell & deliver the first 500A6, the largest pump in our range. The supply of pumps on the Artificial Lift market has been significantly enriched with new models of elastomeric hydraulics, Vulcain™, new bearings and accessories.

Finally, PCM has launched a study to quantify the carbon footprint of its products, from the supply phase to the use of pumps, in order to identify projects to be carried out in the future to enable our customers to reduce their own carbon footprint.

## Group outlook for 2023

### Parent company

Gévelot SA turnover will again consist of leases and services.

In terms of financial products, a higher dividend should be received by our subsidiary for 2023.

Our resources, namely from leases and service, and the operating result should be stable.

In the end, the net income of the holding company should improve.

After the transaction completed in late November 2022, the study of acquisition opportunities for new properties in the Greater Paris Area continues.

### Pumps sector

2023 should be a year of consolidation in terms of activity after the growth in all markets, including Oil & Gas, observed over the past year.

However, international geopolitical tensions (Russia-China-USA) call for the utmost caution. These weigh both on the availability of raw materials and therefore on their delivered cost, but also on the effective completion of certain projects. The climate of confidence of economic players is therefore uncertain for the coming year.

This situation forces the Group to take care to ensure that customer relations remain excellent while pursuing a policy to save on all expenses and optimise production costs.

## Risk Management

As part of the description of the main risks facing the Group, the following points are to be noted:

### General Risks

#### 1. Market risks

The specific activity of Oil pumps is closely dependent on oil prices (Brent Crude, WTI Crude), where producers generally maintain or increase production when oil prices are above their marginal cost. Since 2021, a path to recovery has been observed which coincides with strong increase in demand and in crude oil prices. The level of activity of the Oil Pumps

increased very strongly last year and should continue its development if geopolitical conditions allow.

The sales performance in other areas of the Pumps Sector (Food and Industry markets) is usually linked to economic activity in France and abroad.

### 2. Country risks

The Group remains exposed to Country risks for part of its business, mainly in the oil-related sector, due in particular to its presence in areas with significant geopolitical risks (Middle East, Africa, Latin America).

### Financial risks

Through its activities, the Group is exposed to various types of financial risks. These risks are related to the Group's business activities, its financing needs as well as its investment policy especially internationally. These mainly involve risks of exchange and interest rate fluctuations.

#### 1. Financial risks related to industrial and commercial activities

##### - Operational exchange risks

The Gévelot Group is exposed in its business activities to financial risks from variations in the exchange rates of some currencies due to the location of its main production site in the Euro zone and its sales areas worldwide involving foreign currency invoicing, mainly in US or Canadian Dollars.

Currency risk management in Pumps and Fluid Technology is based on the principle of invoicing by the Group's production entities to sales entities in euros. This intercompany invoicing is subject to forward exchange hedging of their payment if the amounts are significant.

The same principle applies to sales outside the Group for foreign currency billing of Customers. Forward exchange hedging is set up when a significant sales transaction in foreign currency occurs.

The Group does not engage in forward exchange hedging on its future sales. The operating margin is therefore subject in the future to variations depending on the evolution of exchange rates.

##### - Exchange risks: Cash and cash equivalents

The evolution of the exchange rates between North American currencies has been closely monitored and resulted in guaranteed capital investments with first rate banks.

##### - Price variation risks

The Group is sensitive to changes in the prices of its raw materials and logistics costs. A price increase, in particular steel, and chemicals, was observed from FY 2021 and significantly impacted the operating margin in 2022. The Group, in an attempt to limit the impact, continues to develop its multiple sources, including internationally.

##### - Credit risk

The Group pays particular attention to the security of payments of the goods and services it delivers to its customers.

European Customers show no significant individual risks and their receivables are covered by a dedicated collection process. Major Export Customers positioned in areas of major geopolitical risks are specifically monitored.

## - Climate risks

Faced with the climate emergency characterised by pollution and the gradual disappearance of species and resources, as well as regulatory changes in environmental matters, the Group has embarked on a voluntary CSR approach.

In particular, it is committed to reducing the environmental impact of its activities by, for example, optimising waste management and promoting eco-responsible initiatives while ensuring compliance with regulations.

At this stage, the Group has not identified any impact either on the valuation of its assets or on the future development of its activities.

## 2. Financial risks linked to financing activities

The Group mainly self-finances its industrial and commercial activities, particularly due to its solid financial structure and rarely appeals to the banking sector for its investments.

### - Changes in rate variations

When necessary, the Group sets up interest rate change hedging instruments for long-term borrowing at variable rates and in large amounts. For this, the Group's Financial Division analyses the portfolio and makes recommendations to subsidiaries on the suitable tools (interest rate swaps) to limit future risks within appropriate costs and controlled limits.

## 3. Financial risks related to investment transactions made abroad

### - Country risks

The Group holds assets in countries where the political and economic stability is not guaranteed. However, these assets represent an insignificant share of the Group's assets. Specific insurance covering investments present in the country has been taken out in each case.

### - Exchange risks

The Group holds investments abroad and outside the Euro area, whose net assets are exposed to the risk of currency translation. These net assets located in the USA, Canada; the Near and Middle East and Russia are not hedged in any specific way.

## 4. Financial risks linked to cash management

The Group has some marketable securities (14.8% of cash) based on indices and whose capital is not guaranteed but secured with protective barriers.

Since the end of 2021 and the beginning of 2022, bond funds and hedge funds have been taken out (11.5% of cash) under favourable conditions. However, at the end of 2022, given a market reversal in this category of investment and more particularly the unpredictable and very rapid increase in the key rates of the Central Banks, depreciations had to be noted.

## Information on payment terms

(Invoices received and issued, not settled)

Pursuant to Article D441-6 of the French Commercial Code, we present in the following table the breakdown of due payables and receivables.

| Invoices received and not settled at the date of the close of the financial year whose due date has expired (French Commercial Code - Article -6 D.441, I. - 1) |                                                                            |              |               |               |                 |                   |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------|--------------|---------------|---------------|-----------------|-------------------|
|                                                                                                                                                                 | 0 days                                                                     | 1 to 30 days | 31 to 60 days | 61 to 90 days | 91 days or more | Total (1d & more) |
| <b>(A) Bands of late payment</b>                                                                                                                                |                                                                            |              |               |               |                 |                   |
| Number of invoices affected                                                                                                                                     | 4                                                                          |              |               |               |                 | 5                 |
| Total amount of invoices (including taxes)                                                                                                                      | €9 k                                                                       | €3 k         | €1 k          |               |                 | €4 k              |
| % of total amount of purchases including tax for the year                                                                                                       | 0.11%                                                                      | 0.03%        | 0.02%         |               |                 | 0.05%             |
| % of the year's turnover (including taxes)                                                                                                                      |                                                                            |              |               |               |                 |                   |
| <b>(B) Invoices excluded from (A) relating to disputed or unrecorded debts and payables</b>                                                                     |                                                                            |              |               |               |                 |                   |
| Number of invoices excluded                                                                                                                                     |                                                                            |              |               |               |                 |                   |
| Total amount of excluded invoices                                                                                                                               |                                                                            |              |               |               |                 |                   |
| <b>(C) Reference payment deadlines used (contractual or legal deadline - article L. 441-10 I or article L. 441-11 of the French Commercial Code)</b>            |                                                                            |              |               |               |                 |                   |
| Payment deadlines used to calculate late payments                                                                                                               | Contractual deadlines consistent with the Terms and Conditions of Purchase |              |               |               |                 |                   |

## Allocation of earnings:

The following allocation of earnings will be proposed to the next General Meeting:

|                                                      |                       |
|------------------------------------------------------|-----------------------|
| Result for the fiscal year .....                     | - €558,141.38         |
| Previous retained earnings of.....                   | €16,003,981.67        |
| Total to allocate .....                              | €15,445,840.29        |
| . Dividend:.....                                     | - €3,038,440.00       |
| . Balance carried forward<br>after allocation: ..... | <u>€12,407,400.29</u> |

The total dividend amounts to €4 per share for 759,610 shares, or €3,038,440.00 and will be available for distribution from 30 June 2023.

In compliance with article 243 bis of the French General Tax Code, it is specified that the whole proposed dividend is eligible for a 40% rebate benefiting natural persons domiciled for tax purposes in France, as provided for in article 158-3 -2° of the French General Tax Code.

This rebate is applicable in the case of an express, irrevocable and general option for a sliding scale of income tax when the beneficiary files their annual income tax return. In the absence of such an option, the dividend to be paid to these individuals fiscally resident in France falls within the scope of application of the single standard deduction (PFU) without the application of this 40% rebate.

Before the payment, the dividend is subject to social contributions and, unless an exemption is duly requested by the taxpayer, to the statutory levy of 12.8% provided for in Article 117 quater of the French Tax Code, as an instalment of income tax.

It is recalled that the following dividends have been distributed over the past three years as these dividends were fully eligible for the 40% rebate mentioned in Article 158.3.2° of the French General Tax Code:

| Financial year | Net  | Number of shares served in total |         |
|----------------|------|----------------------------------|---------|
| 2019           | 1.60 | 769,500                          | 769,500 |
| 2020           | 2.00 | 769,500                          | 769,500 |
| 2021           | 3.00 | 769,500                          | 769,500 |

## Financial Markets

In 2022, the share price on Euronext Paris Growth was as follows:

|                                             | Euros  |
|---------------------------------------------|--------|
| Price at end of 2021 .....                  | 163.00 |
| Lowest price .....                          | 163.00 |
| Highest price .....                         | 195.00 |
| Price at end of 2022 .....                  | 185.00 |
| The number of exchanged securities in 2022* | 39,703 |
| The number of exchanged securities in 2021  | 51,453 |

\*including 10,382 under the share repurchase program

On 30 March 2023, the share price was €195 with a trading volume recorded since the beginning of the year of 3,695 including 113 securities under the share repurchase program.

## Shareholding

Mario Martignoni informed the AMF and the Company on 15 June 2022 that he had exceeded, within the framework of his direct and indirect ownership via the Sopofam SA company that he controls, the ownership threshold of 50% of voting rights in extraordinary meetings (222C1481 posted on 15 June on the AMF website).

This excess followed a decision to waive the obligation to file a draft public offer, posted on the AMF website on 10 May 2022 under the reference D&I 222C1053.

On 31 December 2022, the capital of the Gévelot company amounted to 759,610 shares of €35, distributed as follows:

| Shareholders         | Actions | % of capital | % of Voting Rights |
|----------------------|---------|--------------|--------------------|
| Sopofam <sup>1</sup> | 374,856 | 49.35%       | 49.35%             |
| Mr. Mario Martignoni | 18,527  | 2.44%        | 2.44%              |
| Total                | 393,383 | 51.79%       | 51.79%             |
| Mr. Mario Martignoni |         |              |                    |
| Rosclodan            | 62,192  | 8.19%        | 8.19%              |
| Other                | 304,035 | 40.02%       | 40.02%             |
| Total                | 759,610 | 100.00%      | 100.00%            |

<sup>1</sup> La Société de Portefeuille Familial - Sopofam is controlled by Mr. Mario Martignoni

Gévelot has been informed that:

- On 08 December 2022, Mr Mario Martignoni, the Sopofam company, the Rosclodan company and members of the Bienaimé family made a collective undertaking to retain 469,472 shares of the Gévelot company, representing, on the day of the event, 61.8% of Gévelot shares and of voting rights connected to Gévelot shares, pursuant to article 787B of the French General Tax Code.
- on 13 December 2022, Mr Mario Martignoni, the Sopofam company and a group of shareholders made another collective undertaking to retain 407,969 shares of the Gévelot company, representing, on the day of the event, 53.7% of Gévelot shares and of voting rights connected to Gévelot shares, pursuant to article 787B of the French General Tax Code, for a duration of two years.

It is envisaged to proceed with a merger of Rosclodan SA, which holds 8.2% of the capital of our Company in the accounts of Gévelot SA. A Merger Commissioner was appointed by the Registry of the Commercial Court of Nanterre on 7 March. This merger with effect from 1 January 2023 should be operational next June after approval by the competent decision-making bodies of the two entities.

To our knowledge, the capital of the Company is not subject to any detention by the Group's personnel, whatever the context and origin.

## Events after the end of the financial year

The conflict triggered by Russia's invasion of Ukraine in February 2022 is not expected to have any significant direct or indirect consequences on the accounts for 2023. Nevertheless, our Group remains attentive to the evolution of this conflict. Our activities in this area of Eastern Europe are almost totally suspended and in any case in full compliance with the regulations in force.

### Holding

Gévelot SA will continue its rental offer at its Levallois Perret property.

### Pumps sector

The trend in the various activities of the Pumps Sector, in particular Oil & Gas, remains encouraging. However, the overall outlook remains uncertain.

The measures taken to optimise the organisation of the Sector and its costs will be extended, while maintaining its strong commitment to customers.

The acquisition strategy will continue, especially internationally.

## Corporate Governance

### Methods of exercising General Management

Since the choice of one-tier system by the Board of Directors in October 2002, the Chairman of the Board also assumes the CEO role.

Since then, a Deputy General Manager has been appointed by the Board of Directors on the proposal of the Chairman and CEO .

### Functioning of Corporate Bodies

The Board of Directors has six members including two women and four men.

The Board of Directors met 3 times in 2022.

### Directors and Corporate Officers

The renewal of the term of office of Ms. Roselyne Martignoni, Mr. Mario Martignoni and Mr. Jacques Fay as Director and the appointment of Mr. Philippe Barbelane as Director will be submitted at this AGM.

### AUDITORS

The renewal of the missions of the PricewaterhouseCoopers Audit and RSM Paris, Statutory Auditors, will also be proposed at the next AGM.

### Mandates and functions exercised

Pursuant to the provisions of Article L 225-102-1 of the French Commercial Code, below we report the functions performed by each of the Corporate Officers of Gévelot during the year.

Functions outside the Group:  
Manager of SCI Les Blés

**Ms Armelle Caumont-Caimi, Director,**

exercises the following functions within the Group:  
Director of PCM SA  
Functions outside the Group: none

## Regulated agreements

(Art. L.225-37-4, 2 of the French Commercial Code)

There is no agreement made directly or through an intermediary, between, on the one hand, one of the officers or a shareholder holding a fraction of the voting rights greater than 10% of a company and, on the other hand, another company controlled by the former within the meaning of article L.233-3 unless in the case of current agreements concluded under normal conditions.

## Valid delegations for capital increases

None.

## Share repurchase program

As part of the adoption on 15 June 2022 of the Seventh Resolution of the Combined General Meeting of the same day, the Board of Directors received a delegation to implement a share repurchase program with a view to cancellation (authorised repurchase of up to 10% of the shares comprising the Share Capital for a maximum total amount of €4 million) (expiry date of the delegation: 15 December 2023)

The Company was thus able to acquire a first band of 9,890 shares for an overall price of €1,751,651.50, i.e. an average price of €177.11 per share from June 2022 to September 2022.

Total number of shares purchased during the year: 10,382

Average purchase price in 177.43

Trading fees: €2,762.91 ex. VAT

Number of shares registered in the name of the company at the end of the financial year and their value measured at the purchase price, as well as their nominal value: 492 shares / 90,384.50 / 17,220.00.

The eighth Resolution adopted at the Combined General Meeting of 15 June 2022 delegated the Board of Directors to cancel any shares redeemed (date of expiry of the delegation: 15 June 2024)

The Board of Directors at its meeting decided on 13 October 2022 to cancel its 9,890 Gévelot SA shares. Also, the Share Capital was reduced by €346,150.00. It is now set at €26,586,350 divided into 759,610 Shares of €35 each, fully paid up and all of the same class.

## Other legal and tax information

### Extravagant expenses and non-tax-deductible expenses

(Articles 39-4 and 223 quater of the French Tax Code)

For Gévelot SA, reinstatements of extravagant expenses in taxable income in the 2022 financial year amounted to €22,698 against €23,528 in 2021. No tax has been paid due to the tax loss carry-forward.

**This Report will be filed with the clerk's office at the Commercial Court in accordance with the Law.**

## The Board of Directors

## Management and Corporate Governance Report (addendum)

**The Board will propose the following two additional changes to the next Annual General Meeting:**

- Amendment of Article 14 of the Articles of Association: «Directors shares »
- Corporate officers

## Proposed amendments to the Articles of Association

A proposal will be made to reduce from 100 to 10 the minimum number of shares that must be held by each Director during the term of office and to amend Article 14 of the Articles of Association accordingly. This is an extraordinary resolution.

## Directors' compensation

At this same Meeting, it will be proposed to increase the total amount of compensation allocated to directors for their activity on the Board of Directors from €80 K to €120 K (previous amount unchanged since 2014). This resolution is an ordinary resolution.

## The Board of Directors

Earnings per share is calculated by dividing net income attributable to shareholders by the weighted average number of ordinary shares outstanding during the year, excluding the ordinary shares bought by the Group or held as treasury stock. There are no potential dilutive shares.

766,138 is the number of shares on which earnings per share is calculated for period 2022 and 769,500 for period 2021 (see Note 3 - share capital).

**Notes to the  
Consolidated Financial Statements  
at 31 December 2022**

---

# Notes to the consolidated financial statements at 31 December 2022

## Note 1: Accounting rules and methods – Selected financial data

As of 14 April 2023, the Board of Directors closed the accounts and approved the disclosure of its consolidated financial statements on 31 December 2022.

Notes 1 to 27 form an integral part of the consolidated financial statements. Unless otherwise specified, all amounts are stated in thousands of euros.

### A. ACCOUNTING RULES AND METHODS

The Gévelot Group's consolidated financial statements were prepared in accordance with international principles and standards governing the measurement and presentation of financial information, namely IFRS <sup>(1)</sup> (International Financial Reporting Standards), as adopted by the European Union.

The consolidated financial statements are stated in thousands of euros, the Euro being the Group's operating and reporting currency.

The accounting methods set out below were consistently applied to all periods presented in the consolidated financial statements, unless otherwise specified.

#### New mandatory application texts

- Amendments to IAS 16 – Proceeds before intended use,
- IFRS 3 – Updating references to the conceptual framework,
- Amendments to IAS 37 – Onerous contracts: Cost of fulfilling a contract,
- Annual improvements - 2018-2020 cycle.

These texts and other texts published by the IASB and adopted by the European Union coming into force on 1 January 2022 had no impact on the Gévelot Group.

#### New texts applied in advance

The Group applied no amendment and no standard or interpretation in advance.

#### New texts not yet adopted by the European Union

The potential impact of main texts published by the IASB or IFRS IC but having not yet been the subject of an adoption by the European Union to the closing date, is being analysed. However, the Group does not expect that other potentially applicable texts to accounting years beginning on 1 January 2023 have a significant impact on the Group's accounts.

No application in advance is envisaged at this stage.

#### Presentation of the consolidated financial statements

The balance sheet is presented in current then non-current format. Are considered as current, all assets and liabilities directly relating to the operating cycle, the duration of which cannot exceed twelve months. Financial assets and liabilities are by definition classified as non-current items except for their short-term portions (under one year) which are classified as current.

The consolidated statement of income is presented as expenses and income.

#### 1.1. Accounting Principles specific to Consolidation

##### 1.1.1 Scope of consolidation

The Consolidated financial statements fully consolidate the accounts of Gévelot SA and the subsidiaries over which it has sole direct or indirect control. The date on which it took or relinquished control determines that on which the company is included or excluded from the scope of full consolidation.

Companies not exclusively controlled by Gévelot SA are recognised by the equity method if it has significant influence in them.

##### 1.1.2 Conversion of accounts stated in foreign currencies

The financial statements of foreign subsidiaries are converted into euros in the following manner:

- balance sheet items are converted at the exchange rate applying on the date of closing,
- income statement items are converted at the average rate,
- cash flows are converted at the average rate.

The translation adjustments included in consolidated equity thus result from:

- the difference in opening equity between the prior period's closing rates and those of the current period,
- the difference between the average exchange rate and the closing rate, for the period's income or loss and for other changes in equity.

<sup>(1)</sup> IFRS as adopted by the European Union is available on the website of the European Commission

([https://ec.europa.eu/info/law/international-accounting-standards-regulation-ec-no-1606-2002/amending-and-supplementary-acts/acts-adopted-basis-regulatory-procedure-scrutiny-rps\\_fr](https://ec.europa.eu/info/law/international-accounting-standards-regulation-ec-no-1606-2002/amending-and-supplementary-acts/acts-adopted-basis-regulatory-procedure-scrutiny-rps_fr))

### 1.1.3 Transactions in foreign currencies

Transactions in foreign currencies are converted into euros using the rate of exchange applying on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are converted at the rate applying at closing, and the resulting differences are recognised in the income statement as exchange gains or losses. Non-monetary assets and liabilities denominated in foreign currencies are recognised at the historical rate applying on the date of transaction.

NB: the applicable rates are stated in Note 2.

## 1.2 Accounting Principles specific to the Balance Sheet

### 1.2.1 Business combinations

Business combinations are recognised using the acquisition method in accordance with IFRS 3.

On the date of acquisition, goodwill is measured as being the aggregate of the cost of the business combination and the acquirer's proportionate interest in the net worth of the acquiree's identifiable assets, liabilities and any acquired liabilities.

Goodwill is not amortised. It is subjected to an impairment test annually or more frequently if events or changes in circumstances indicate that their value has decreased.

Any recognised depreciation is irreversible.

The impairment tests used by the Group are described under heading « Impairment of non-financial assets » in Note 1.2.4.

### 1.2.2 Intangible assets

Intangible assets acquired separately are recognised in the balance sheet at their historical cost and amortised over their useful life using the straight-line method.

Intangible assets acquired as part of business combinations are recognised in the balance sheet at their fair value on the date of acquisition.

Research expenses are expensed in the period in which they are incurred, as are non-capitalised development costs that do not meet IAS 38 capitalisation criteria.

So, development costs must be recorded as Assets (IAS 38) as soon as the company can demonstrate that:

- The project is clearly identified and the costs of the asset thus capitalised are clearly separable and can be reliably measured, and that intends and has the technical and financial capacity to see the project through to completion,
- It is probable that the future economic benefits that are attributable to asset will flow to the company.

Intangible assets are amortised using the straight-line method over the estimated useful live for each category of assets.

Useful life:

Development costs: the life of the underlying projects, generally between 3 and 15 years.

Software: estimated useful live of between 2 and 15 years.

Other (patents, etc.): the estimated useful live, limited to 20 years.

The impairment testing methods adopted by the Group are described under heading « Impairment of tangible assets » in Note 1.2.4.

### 1.2.3 Tangible assets

Tangible assets, primarily comprising property, plant and equipment, are carried at acquisition cost less accumulated depreciation and impairment, in accordance with IAS16.

#### Cost price of assets

The gross tax amount of acquisition costs directly attributable to assets is incorporated into their acquisition cost.

According to the standard treatment described in IAS 23 prior to effective application of its revision, borrowing costs are charged to expenses in the period they are incurred.

#### Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation.

At the time of their acquisition, investment properties are recorded on the balance sheet at their acquisition cost, including fees and rights.

The Group uses the amortised cost model to value its investment properties.

#### Rights of use

Group property acquired through finance leasing is treated in the consolidated balance sheet and income statement as if it was acquired by borrowing.

Consequently, for all leases (excluding contracts for low value assets and contracts lasting less than 12 months), the Group records an asset (representative of the right to use the leased asset for the term of the contract) and a liability (under the obligation to pay rent) on the balance sheet.

Leasing repayments are eliminated and replaced with:

- an amortisation expense corresponding to the assets concerned,
- a financial expense on the loan.

Properties under direct financing leases are amortised using the straight-line method over their estimated useful life in the same way as other similar assets, or over the duration of the contract of the latter if shorter and if the Company is not certain to become owner thereof on maturity.

#### Amortisation

Amortisation is calculated using the straight-line method for asset components having distinct useful lives which are generally as follows:

- Land: not amortised,
- Buildings (structural work, conversion work, facade rendering and cleaning, weatherproofing): 10 to 40 years,
- Plant and equipment: 3 to 40 years, barring exception,
- Computer hardware: 3 to 5 years.

The residual values and useful lives of assets recognised at their historical costs are reviewed on each closing. Losses or gains on asset disposals are measured by comparing the revenue from the disposal with the carrying amount of the sold asset. They are recognised in the income statement under « Other operating income and expenses ».

### 1.2.4 Impairment of tangible assets

Assets with an indefinite useful life and goodwill are not amortised and are subject to a depreciation test at least once every year and whenever there is an indication of a loss of value. Other redeemable assets are tested for depreciation when due to particular events or circumstances, the recoverable value might be less than the book value.

A non-exhaustive list of external or internal indicators used in this estimate is provided below:

- External indices:
  - greater than usual decline in market value,
  - major changes in the technical, economic and legal environment having a negative impact on the company,
  - an increase in interest rate,
- Internal indices:
  - obsolescence or physical degradation not provided for under depreciation,
  - below-forecast economic performances,
  - material changes in the manner in which this asset is used.

The depreciation included in the accounts corresponds to the surplus between the book value and the recoverable value. The depreciation test is performed where required at the level of individual assets or at the level of CGUs (Cash Generating Units) when assets cannot be valued individually. For the purposes of depreciation tests, goodwill that cannot be tested individually are grouped together within the group of CGUs that is expected to benefit from the synergies of business combinations.

The recoverable value of an asset (a CGU or a group of CGUs) is the higher of its costs to sell (or net selling price) and its value in use.

The net selling price is the amount obtainable from the sale of an asset in a bargained transaction between knowledgeable, willing parties, less derecognition costs.

Value in use is the discounted present value of estimated future cash flows expected to arise from the continuing use of an asset on the basis of plans or budgets established for 3 to 5 years. Beyond which flows are extrapolated indefinitely by applying a constant or diminishing growth rate.

The Group has defined its cash generating units as follows:

- each Company is deemed an independent CGU,
- a specific discount rate has been determined for each business segment (see Note 4).

The discount rate corresponds to the weighted average cost of capital, in which the cost of debt and the cost of equity after tax are weighted according to the relative weight of debt and equity in the relevant sector. It is calculated for the Group and increased, for certain cash-generating units, by a market risk and/or specific risk premium.

### 1.2.5 Financial assets

Financial assets consist mainly of loans, receivables and investments as part of cash management (see below).

They are initially recognised at the cost of their fair value of the price paid plus acquisition costs. Then they are measured at amortised cost using the effective interest method.

Impairment is recognised to cover expected credit losses and actual risk of non-recovery of receivables. The amount of impairment is determined statistically for credit risk and separately on an individual basis for the non-recovery risk.

The Group assesses whether contractual cash flows are solely repayments of principal and interest payments on the principal amount outstanding (« SPI » criterion).

For the purposes of this evaluation, the term « principal » means the fair value of the assets at their initial recognition. “Interest » means consideration for the time value of money, the credit risk associated with the principal amount outstanding for a given period of time and the other risks and expenses that relate to a basic loan, as well as a margin.

In determining whether the contractual cash flows are solely payments of principal and interest payments on the principal amount outstanding, the Group considers the contractual terms of the financial instrument. In particular it needs to assess whether the financial asset has a contractual term liable to change the timing or the amount of the contractual cash flows so that it no longer satisfies this condition. During this assessment, the Group takes into account the following:

- contingencies that could change the amount or schedule of cash flows,
- conditions likely to adjust the contractual coupon rate, including the characteristics of the variable rate,
- the early payment and extension clauses and
- conditions limiting the Group’s possibility of using the cash flows of specific assets.

An early repayment clause may be consistent with the « SPI » criterion if its amount represents the outstanding principal and interest thereon.

The Group defines its management intention and economic model it attends to apply to the financial assets owned. The information taken into account is as follows:

- the methods and objectives defined for the portfolio and their implementation. The aim is to know if the Management’s strategy is focuses on obtaining products of contractual interest, maintaining the specific interest rate profile, matching the ownership period of financial assets with that of the liabilities financing them or of expected cash flow or to create cash flow by selling those assets,
- the way performance of the portfolio is assessed and communicated to the Group’s Management,
- risks that have an impact on the performance of the economic model (and of financial assets whose ownership is part of that economic model) and the way those risks are managed and,
- the frequency, value and distribution over time of sales of financial assets in previous periods, the reasons behind those sales and expectations with respect to future sales.

The Group has not opted for the fair value method.

#### Trade and other receivables

Receivables are initially recognised at their fair value (generally equal to the amount invoiced) then measured at their write-down cost using the effective interest rate method, after deduction of impairment provisions.

Trade receivables are written off when they are settled, or when almost all risks and benefits are transferred to a third party in the event of a sale.

### Cash management

Cash and cash equivalents include cash and short-term investments (under three months) without realisable impairment risk and for which the risk of change in value is negligible. The investment options used are those offered by the leading financial institutions and comprise either bank term deposits or investment fund monetary securities without any special identified risks.

Investments maturing in more than three months are not recognised as cash and are classified as « Current financial assets ». These investments consist of fixed-term bank deposits, investment fund monetary securities or structured products that offer capital guarantees or protection barriers.

#### 1.2.6 Inventories and work in progress

Under IAS 2 « Inventories », the cost of inventories must include all purchase costs, conversion costs and other costs incurred in bringing the inventories to their present location and condition: commercial rebates, discounts and other similar items are deducted to measure the cost of acquisition.

Inventories are measured using the average weighted price or cost method.

Inventories are required to be stated at the lower of cost and net realisable value.

The net realisable value is equal to the estimated selling price less the costs remaining to be incurred for the completion of the products and the realization of the sale.

Inventories do not include the borrowing cost.

Raw materials, goods and other supplies are measured using one of the following methods, depending on the site: last known purchase price, weighted average unit price.

Manufactured products (in-process and finished products) are valued at their production cost including:

- the cost of consumables,
- direct production costs,
- indirect production costs if they can reasonably be linked to the production of the goods.

If the net realisable value falls below the carrying amount, a provision for the difference is funded.

#### 1.2.7 Equity

The Group strives to maintain an adequate level of return on its capital while continuing to make safe management decisions. The consolidating company has not resorted to delegation with regard to equity instruments. The Group is not subject to any particular external restrictions with regard to the capital of its entities.

#### 1.2.8 Provisions

##### Defined and similar benefit plans

There are various retirement benefit plans for certain employees in the Group based on national legislations and practices.

Retirement benefit plans, the related severance benefits and other fringe benefits are analysed as defined benefit plans (plans whereby the Group undertakes to guarantee a particular amount

or level of defined benefit). They are recognised in the balance sheet on the basis of actuarial estimates of the benefits on the date of closing using the Projected Unit Credit Method, less the fair value of the Plan's related assets. Contributions paid into the Plans, which are analysed as Defined Benefit Plans, that is, when the Group's only obligation is to pay the contributions, are charged to the period's expenses.

In France, the Group has taken out benefit plans for its employees. The provision stated in the consolidated financial statements is measured in accordance with IAS 19 and includes the related welfare expenses.

The Group applies the method of allocating benefit entitlements to its defined benefit schemes, which leads to the commitment being spread only from the date on which each year of service counts towards the acquisition of benefit entitlements, i.e. over the period preceding retirement age to reach the cap.

The Group books a provision equal to liabilities, net of the fair value of financial assets of the regime.

The actuarial gains or losses are the effects of differences between the assumptions used and what has actually occurred or changes in the assumptions used to calculate the benefits and the assets covering them:

- staff turnover,
- pay rises,
- discount rate,
- mortality rate,
- rate of return of assets.

##### Other social benefits

A provision is funded for bonuses awarded on the occasion of national work medal awards or under company agreements. It is measured according to the probability of employees reaching the qualifying seniority for each grade and is discounted to present value.

##### Other provisions

A provision is recognised when the Group has a current obligation (legal or constructive) as a result of past events and a reliable estimate of the expected cost can be made, an extinguishment of which should consist in an outlay of resources representing economic benefits for the Group without at least an equivalent amount in return. Provisions correspond to risks and specifically identified expenses.

Other long-term provisions are discounted to present value if their effect is significant.

Any liabilities correspond to potential obligations resulting from past events the existence of which will only be confirmed by the occurrence of future uncertain events beyond the entity's control or current obligations for which an outlay of resources is unlikely.

These liabilities are not recognised in the balance sheet, except for those corresponding to business combinations. They are disclosed in information on off-balance sheet liabilities.

#### 1.2.9 Financial liabilities

Financial liabilities are recognised at amortised cost. Interest expense and foreign exchange gains and losses are recognised in profit and loss. Any profit or loss related to derecognition is recorded in profit and loss.

Shares premiums and costs and call premiums are stated as deductions to loans and are taken into account in determining the effective interest rate.

The fair value of current financial liabilities is close to their balance sheet value given the stability of interest rates.

The difference is not significant. The fair value is determined using level 1 (fair value based on quoted prices in an active market).

### 1.2.10 Deferred tax

In accordance with IAS 12 « Income taxes », deferred taxes are recognised for all taxable temporary differences between the carrying amounts of the assets and liabilities and their taxable values by applying the current rates of tax and tax rules in force on that date or those that will apply when the temporary difference is absorbed.

Future tax relief resulting from the carryover of tax deficits is only recognised when realisation thereof is probable.

Deferred tax assets and liabilities, whatever their maturity, were offset if they concern the same taxable entity and if the latter intends either to settle the net amount or realise the asset and settle the liability simultaneously.

In accordance with IAS 12, deferred tax assets and liabilities are not discounted.

## 1.3 Accounting Principles specific to the Income Statement

### 1.3.1 Revenue from Contracts with Customers

In accordance with IFRS 15 « Revenue from Contracts with Customers » sales of goods less any discounts granted are recognised as turnover on the date the seller has transferred the control of goods to the buyer. Generally, this takes place on delivery of goods.

Most of the Group's sales are accounted at a point in time. For some specific pumps for which the Group has a right to partial payment, the revenue is recognized over time. Furthermore, the Group provides services for very short periods and recognises the corresponding revenue over the time.

There are no significant variable éléments in the contracts.

### 1.3.2. Current operating income and Operating income

Standard IAS 1 requires a minimum number of items to be included in the income statement:

- Operating income,
- Finance costs,
- Share of the profit or loss of equity-method companies,
- Profit or loss of discontinued operations or in the process of being sold,
- Tax expense,
- Profit or loss (broken down into Group share and interests not conferring control).

Therefore, Operating Income can be defined as the difference between all income and expenses not resulting from financial activities, equity-method companies, discontinued activities or disposals and tax.

Operating income includes the Contribution Economique Territoriale (CET). CET has two components : the Contribution

Foncière des Entreprises (CFE) and the Cotisation sur la Valeur Ajoutée des Entreprises (CVAE). CFE is based on the rental value of goods subject to property tax. CVAE is equal to 0.75% of added value. CET is capped at 2% of added value. If the added value of the Group's French activities is far higher than the taxable income on these same activities, the Group considers CET as an operating expense rather than an income tax, hence its recognition under operating income.

### Research Tax Credits

Research Tax Credits of the French companies of the Group are recorded as operating income in the item « Operating subsidies ».

The Gévelot Group has opted to present a Current Operating Income, which is defined as the difference between Operating income as defined above and « Other operating income and expenses » which include unusual and infrequent events. The latter are very limited in scope but cannot be presented as exceptional or extraordinary items. They primarily include the profit or loss from asset disposals, losses in value on non-current assets, restructuring costs and the cost of litigation settlements.

The Current Operating Income is a notional balance provided for a better understanding of the company's performance.

### 1.3.3 Financial income and expenses

#### 1.3.3.1 Cost of net financial debt

The net cost of financial debt comprises all the results produced by items making up net financial debt during the period (bank borrowings and investments, gains or losses from transactions in short-term investments).

#### 1.3.3.2 Other financial income and expenses

The other financial income and expenses mainly include the results of currency hedging transactions.

## 1.4 Segment reporting

In accordance with IFRS 8, the segment reporting is presented by business segments defined by internal organizational systems and the Group's management structure.

The main Group's operating decision maker is the Board of Directors.

A single business segment has been defined for the Gévelot Group :

- Pumps / Fluid Technologies.

Gévelot S.A. items, that cannot be assigned directly to the operating sector such as defined above are included under « other activities ».

## B. SIGNIFICANT EVENTS

At the end of April 2022, PCM SA entered into an agreement for a 40% stake through a capital contribution from the Italian pump manufacturer, 3P Prinz Srl.

This capital injection will support 3P Prinz's strong development in R&D, manufacturing and market penetration. In addition to a minority stake, PCM and 3P Prinz have entered into a framework agreement allowing for greater product distribution and collaboration between the two companies.

The accounts of 3P Prinz Srl have been consolidated by equity method in view of the significant influence exerted by the Group.

In November 2022, Gévelot SA acquired 596 m<sup>2</sup> of office space in a building located in Levallois-Perret for €6.7 million. These premises are leased to third party companies.

Gévelot S.A. has repurchased 10,382 of its own shares for a total amount of €1,842 K in FY 2022.

The Board of Directors meeting on 13 October 2022 decided to reduce the capital by cancelling 9,890 treasury shares (1.3%). As a result, Gévelot's new capital amounts to €26,586,350 or 759,610 shares at a nominal value.

### C. SIGNIFICANT ESTIMATES AND JUDGEMENTS

The preparation of consolidated accounts in compliance with IFRS standards requires taking into account assumptions and estimates that affect the amounts of assets and liabilities shown in the balance sheet, the contingent liabilities mentioned in the appendix, and the expenses and income shown in the income statement. These estimates and assumptions are made by the Management based on its past experience and various other factors deemed to be reasonable. However, the current economic and financial environment makes it difficult to get an understanding of business prospects. It is possible that actual amounts will subsequently differ from estimates and assumptions made initially. These assumptions and estimates concern mainly:

#### a) Values used for impairment tests

Assumptions and estimates that are made to determine the recoverable value of goodwill, intangible and tangible assets, relate in particular to market prospects required for the evaluation of cash flows and the applied discount rates. Any change in these assumptions could have a significant effect on the recoverable amount of those assets. The main assumptions used by the Group are described in Note 4.4.

#### b) Valuation of pension obligations

The Group participates in defined-contribution or defined benefit pension plans. The liabilities related to the latter are calculated on the basis of actuarial calculations based on assumptions such as the discount rate, future salary increases, the staff turnover rate, the rate of mortality and the rate of return on assets. The valuation procedure is described in Note 1.2.8 and the assumptions used in Note 13. The Group considers that the actuarial assumptions used are appropriate and justified in current conditions. However, these liabilities might evolve in the event of change in assumptions.

### D. CHANGES TO FINANCIAL STATEMENTS PREVIOUSLY PUBLISHED

None

### E. CLIMATE CHANGE

Faced with the climate emergency characterised by pollution and the gradual disappearance of species and resources, as well as regulatory changes in environmental matters, the Group has embarked on a voluntary CSR approach.

In particular, it is committed to reducing the environmental impact of its activities by, for example, optimising waste management and promoting eco-responsible initiatives while ensuring compliance with regulations.

At this stage, the Group has not identified any impact either on the valuation of its assets or on the future development of its activities.

### F. POST CLOSING EVENTS

Gévelot SA has taken steps to merge its accounts with the accounts of Rosclodan SA, which holds 8.2% of the company's capital, by way of absorption of the latter. The transaction is expected to be completed in June 2023.

## Note 2: Information on consolidation scope

Gévelot S.A., a public limited company with a capital of 26 586 350 euros, is the parent company of the Gévelot Group. It is listed on Euronext Growth and registered in France under the number 562088542 RCS Nanterre.

### 2.1. Consolidation scope at 31 December 2022

The following companies are fully consolidated:

| COMPANIES                                    | HEAD OFFICE                                                                                                   | N° SIREN<br>N° SIRET                            | % controlled     |                  | % interests      |                  |

## 2.2. Comments on the scope of consolidation and controlling interests

- Cougar Wellhead Services Inc. was acquired by Cougar Machine Ltd. at the end of March 2022. This merger has no effect on the Group's consolidated financial statements.

- At the end of April 2022, PCM SA entered into an agreement for a 40% stake through a capital contribution from the Italian pump manufacturer, 3P Prinz Srl. This capital injection will support 3P Prinz's strong development in R&D, manufacturing and market penetration. In addition to a minority stake, PCM and 3P Prinz have entered into a framework agreement allowing for greater product distribution and collaboration between the two companies. The accounts of 3P Prinz Srl have been consolidated by equity method in view of the significant influence exerted by the Group.

- There was no other change in the scope of consolidation in 2022.

- To our knowledge, there are no significant restrictions on subsidiaries transferring funds to the parent company, Gévelot S.A., in the form of cash dividends or repayments of loans or advances.

## 2.3. Exchange rates for financial statements prepared in foreign currencies

The companies' balance sheet items were translated at the closing exchange rate on 31 December 2022 and their expense and income account items were translated at the average exchange rate using the following rates:

| Currency                      | Closing rate |            | Average rate |          |
|-------------------------------|--------------|------------|--------------|----------|
|                               | 31/12/2022   | 31/12/2021 | FY 2022      | FY 2021  |
| 1 US dollar                   | €0.9376      | €0.88290   | €0.94890     | €0.84500 |

### Composition of share capital:

As of 31 December 2022, authorized share capital totalled 26,586 thousand euros, comprising 759,610 ordinary shares with a par value of 35 euros each, issued and fully paid up.

As part of the adoption on 15 June 2022 of the seventh Resolution of the Combined General Meeting, the Board of Directors received delegation for the implementation of a share buyback programme for cancellation.

The weighted average number of ordinary shares outstanding during the 2022 financial year thus stands at 766,138.

The Board of Directors of 13 October 2022 decided to reduce the capital through cancellation of 9,890 treasury shares, valued at €1 752 K.

The Group does not have any stock option plans (purchase and / or subscription) under which options on Company shares are awarded to certain employees and senior managers.

The fair value of investment properties is equivalent to the acquisition price due to the date of acquisition close to the closing date.

#### 4.5. Impairment

In accordance with the principle stated in Note 1.2.4, the Group carried out on 31 December 2022, a comparison of the net carrying amount of the assets and their value in use for the CGU incorporating goodwill (PCM Group UK Ltd., Sydex Srl).

Value in use is defined as the sum of future discounted cash flows estimated on the basis of four-year activity and investment plans. The growth rates used to extrapolate forecasted cash flows beyond four years are 2% (1% in 2021).

The discount rates applied are 11.3 % for the United Kingdom and 12,2 % for Italy (6.9 % for the tests carried out at the end of 2021) and correspond to the average cost of the capital after tax, taking each segment's specific market rates and risk premiums into account.

These approaches are based on the Group's best estimates in an uncertain economic environment.

The new tests as of 31 December did not lead to the recognition of impairment.

The sensitivity of the value in use calculations to changes in the various assumptions is set out in the table below:

|                     | Goodwill | CGU carrying amount | Difference in value between the Test and Accounts | Impact on the difference in value |                        |                     |
|---------------------|----------|---------------------|---------------------------------------------------|-----------------------------------|------------------------|---------------------|
|                     |          |                     |                                                   | Discount rate                     | Indefinite growth rate | Change in cash flow |
| Change              |          |                     |                                                   | +0,5 %                            | -0,5 %                 | -10 %               |
| <b>Pumps sector</b> |          |                     |                                                   |                                   |                        |                     |
| PCM Group UK Ltd.   | 0,9 M€   | 1,5 M€              | +3,2 M€                                           | -0,2 M€                           | -0,2 M€                | -0,5 M€             |
| Sydex Srl           | 0,9 M€   | 4,4 M€              | +5,6 M€                                           | -0,4 M€                           | -0,3 M€                | -1,0 M€             |

The Pumps Sector CGUs, other than the PCM Group UK and Sydex CGUs, in the absence of any indication of impairment in the Pumps Sector, did not give rise to impairment tests.

#### Note 5: Interests in associated companies

Equity accounted interests relate to:

| (in thousands of euros) | 31.12.2021 | Changes in scope | Period income or loss | Dividends | Translation adjustments | 31.12.2022   |
|-------------------------|------------|------------------|-----------------------|-----------|-------------------------|--------------|
| 3P Prinz Srl            | -          | 1 200            | 170                   | -         | -                       | 1 370        |
| Torqueflow - Sydex Ltd  | 94         | -                | 2                     | -         | (6)                     | 90           |
| <b>Total</b>            | <b>94</b>  | <b>1 200</b>     | <b>172</b>            | <b>-</b>  | <b>(6)</b>              | <b>1 460</b> |

PCM SA acquired a 40% stake in the company 3P Prinz Srl at the end of April 2022. Eight months of this company's activity were consolidated by the equity method in the Group's accounts as of December 31, 2022.

## Note 6: Financial assets

|                                           | 2022          | 2021          |
|-------------------------------------------|---------------|---------------|
| <b>Non-current</b>                        |               |               |
| Loans                                     | 91            | 111           |
| Other                                     | 1 041         | 295           |
| <b>Total non-current financial assets</b> | <b>1 132</b>  | <b>406</b>    |
| <b>Current</b>                            |               |               |
| Loans                                     | 20            | 20            |
| Bank term deposits over three months      | 87 315        | 36 007        |
| <b>Total current financial assets</b>     | <b>87 335</b> | <b>36 027</b> |
| <b>Total financial assets</b>             | <b>88 467</b> | <b>36 433</b> |

Financial assets are measured at amortised cost, except for mutual funds which are measured at fair value through profit or loss.

Bank term deposits over three months mainly correspond to investments with a maturity of more than three months and which are not recognized as Cash. These investments consist of term deposits, mutual funds or structured products that offer capital guarantees or protective barriers. They were subject to the economic model applied by the Group and comply with the "SPPI" criterion (see note 1.2.5).

## Note 7: Inventories

|              | 2022          | 2021          |
|--------------|---------------|---------------|
| Gross amount | 49 686        | 38 725        |
| Depreciation | (2 262)       | (2 173)       |
| <b>Total</b> | <b>47 424</b> | <b>36 552</b> |

## Note 8: Accounts receivable

|              | 2022          | 2021          |
|--------------|---------------|---------------|
| Gross amount | 73 109        | 60 922        |
| Depreciation | (1 737)       | (1 803)       |
| <b>Total</b> | <b>71 372</b> | <b>59 119</b> |

Pursuant to IFRS 9, accounts receivable are subject to impairment upon initial recognition, based on assessment of expected credit losses at maturity. The impairment is then reviewed based on the worsening risk of non-recovery, if any. The indicators of impairment that lead the Group to reflect on this point are: existence of unresolved disputes, the age of the receivables or significant financial difficulties of the debtor.

The Group pays special attention to the security of payments for goods and services delivered to its customers. European Customers do not present significant risks and are generally subject, as the major export customers positioned in areas with major geopolitical risks, to specific monitoring.

The anteriority of trade receivables at the closing date breaks down as follows:

|                                                      | 2022          | 2021          |
|------------------------------------------------------|---------------|---------------|
| Not due                                              | 56 633        | 48 503        |
| Due for less than a month                            | 7 656         | 6 386         |
| Due for more than a month but less than three months | 4 351         | 2 105         |
| Due for more than three months                       | 4 469         | 3 928         |
| <b>Gross amount</b>                                  | <b>73 109</b> | <b>60 922</b> |

**Note 9: Other accounts receivable**

|                                                             | 2022         | 2021         |
|-------------------------------------------------------------|--------------|--------------|
| Advances and down payments received on orders               | 674          | 237          |
| Central and local government excluding corporate income tax | 2 225        | 1 108        |
| Personnel                                                   | 132          | 124          |
| Debit supplier balances                                     | 21           | 89           |
| Other debtors                                               | 422          | 214          |
| Prepaid expenses                                            | 972          | 1 082        |
| <b>Total</b>                                                | <b>4 446</b> | <b>2 854</b> |

**Note 10: Cash and cash equivalents**

|                                  | 2022          | 2021           |
|----------------------------------|---------------|----------------|
| Cash                             | 31 556        | 80 986         |
| Bank term deposits               | 10 000        | 30 362         |
| <b>Cash and cash equivalents</b> | <b>41 556</b> | <b>111 348</b> |

Cash and cash equivalents mature in the short term.

Bank term deposit rates are 0.80 %.

€ 0.7 M of cash belonging to the Group's chinese entities is intended to finance their activity.

In the consolidated cash flow statement, cash and bank overdrafts include:

|                                 | 2022          | 2021           |
|---------------------------------|---------------|----------------|
| Cash and cash equivalents       | 41 556        | 111 348        |
| Bank overdrafts                 | (50)          | (1)            |
| <b>Cash position at closing</b> | <b>41 506</b> | <b>111 347</b> |

**Note 11: Other accounts payable**

|                                                                          | 2022         | 2021         |
|--------------------------------------------------------------------------|--------------|--------------|
| Tax debts excluding corporate income tax, personnel and welfare agencies | 7 737        | 7 899        |
| Other creditors                                                          | 1 626        | 807          |

## Note 13: Employee benefits

The Group grants post-employment benefits to its personnel employed in France. These expenses are recognised:

- as current operating income for the cost of services rendered, paid services and past services;
- as operating income for regime reductions / liquidations ;
- as other financial income and expenses for the net financial charge;
- as other comprehensive income for the effects of revaluation.

### Retirement benefits

|                                                                | 2022         | 2021         |

### Main actuarial assumptions

|                     |                               |                               |
|---------------------|-------------------------------|-------------------------------|
| - Discount rate     | 3.70%                         | 0.90%                         |
| - Rate of pay rises | 2.50%                         | 2.00%                         |
| - Retirement age    | 63 (non-managerial), 65 (man) | 63 (non-managerial), 65 (man) |

The turnover table is at 0% after 50.

Defined benefit plans are evaluated by independant actuaries.

Long-service awards paid out by the Group companies to their personnel are covered by a provision calculated by an independant actuary (see note 12).

## Note 14: Financial liabilities and lease liabilities

### 14.1. Financial liabilities

|                                                | 2022         | 2021       |
|------------------------------------------------|--------------|------------|
| <b>Non-current</b>                             |              |            |
| Bank loans                                     | 76           | 153        |
| Other borrowing and financial debt             | 436          | 371        |
| <b>Total non-current financial liabilities</b> | <b>512</b>   | <b>524</b> |
| <b>Current</b>                                 |              |            |
| Bank loans                                     | 533          | 126        |
| Bank overdrafts                                | 50           | 1          |
| <b>Total current financial liabilities</b>     | <b>583</b>   | <b>127</b> |
| <b>Total financial liabilities</b>             | <b>1 095</b> | <b>651</b> |

### 14.2. Changes in financial liabilities

|                                                          | 01.01.2022 | New loans  | Repayment    | Translation adjustments | 31.12.2022   |
|----------------------------------------------------------|------------|------------|--------------|-------------------------|--------------|
| Bank loans                                               | 279        | 473        | (126)        | (17)                    | 609          |
| Other borrowing and financial debt                       | 371        | 66         | -            | (1)                     | 436          |
| <b>Financial liabilities (excluding bank overdrafts)</b> | <b>650</b> | <b>539</b> | <b>(126)</b> | <b>(18)</b>             | <b>1 045</b> |
| Bank overdrafts                                          | 1          | 50         | (1)          | -                       | 50           |
| <b>Total</b>                                             | <b>651</b> | <b>589</b> | <b>(127)</b> | <b>(18)</b>             | <b>1 095</b> |

### 14.3. Breakdown of financial liabilities by date of maturity

|                                    | Less 1 year | 1 to 2 years | 2 to 3 years | 3 to 4 years | 4 to 5 years | Over 5 years | Total        |
|------------------------------------|-------------|--------------|--------------|--------------|--------------|--------------|--------------|
| Bank loans                         | 533         | 34           | 27           | 15           | -            | -            | 609          |
| Other borrowing and financial debt | -           | -            | -            | -            | -            | 436          | 436          |
| Bank overdrafts                    | 50          | -            | -            | -            | -            | -            | 50           |
| <b>Total</b>                       | <b>583</b>  | <b>34</b>    | <b>27</b>    | <b>15</b>    | <b>-</b>     | <b>436</b>   | <b>1 045</b> |

### 14.4. Breakdown of financial liabilities by main currencies

|                                    | Total        |            | Euros      |            | US dollars |          | Other currencies |            |
|------------------------------------|--------------|------------|------------|------------|------------|----------|------------------|------------|
|                                    | 2022         | 2021       | 2022       | 2021       | 2022       | 2021     | 2022             | 2021       |
| Bank loans                         | 609          | 279        | 153        | 277        | -          | -        | 456              | 2          |
| Other borrowing and financial debt | 436          | 371        | 277        | 211        | -          | -        | 159              | 160        |
| Bank overdrafts                    | 50           | 1          | 50         | 1          | -          | -        | -                | -          |
| <b>Total</b>                       | <b>1 095</b> | <b>651</b> | <b>480</b> | <b>489</b> | <b>-</b>   | <b>-</b> | <b>615</b>       | <b>162</b> |

### 14.5. Breakdown of financial liabilities by type of rate

|                                | 2022         | 2021       |
|--------------------------------|--------------|------------|
| Non-covered variable rates (*) | 446          | -          |
| Fixed rates                    | 599          | 650        |
| Bank overdrafts                | 50           | 1          |
| <b>Total</b>                   | <b>1 095</b> | <b>651</b> |

(\*) loans at non-covered variable rates mature in 2023.

Weighted average interest rates are at BBSY + 1.75 % for loans at non covered variable rates.

For fixed rate loans, the interest rates are between 0% and 2.50%.

## 14.6. Lease liabilities

|                               | 2022         | 2021         |
|-------------------------------|--------------|--------------|
| Non-current lease liabilities | 3 638        | 2 544        |
| Current lease liabilities     | 1 800        | 1 547        |
| <b>Total</b>                  | <b>5 438</b> | <b>4 091</b> |

## 14.7. Changes in lease liabilities

|                   | 01.01.2022   | New loans    | Repayments     | Translation adjustments | 31.12.2022   |
|-------------------|--------------|--------------|----------------|-------------------------|--------------|
| Lease liabilities | 4 091        | 3 655        | (2 271)        | (37)                    | 5 438        |
| <b>Total</b>      | <b>4 091</b> | <b>3 655</b> | <b>(2 271)</b> | <b>(37)</b>             | <b>5 438</b> |

## 14.8. Breakdown of lease liabilities by date of maturity

|                   | Less 1 year  | 1 to 2 years | 2 to 3 years | 3 to 4 years | 4 to 5 years | Over 5 years | Total        |
|-------------------|--------------|--------------|--------------|--------------|--------------|--------------|--------------|
| Lease liabilities | 1 800        | 1 212        | 706          | 803          | 357          | 560          | 5 438        |
| <b>Total</b>      | <b>1 800</b> | <b>1 212</b> | <b>706</b>   | <b>803</b>   | <b>357</b>   | <b>560</b>   | <b>5 438</b> |

## 14.9. Breakdown of lease liabilities by main currencies

|                   | Total        |              | Euros        |              | UD Dollars |          | Other currencies |              |
|-------------------|--------------|--------------|--------------|--------------|------------|----------|------------------|--------------|
|                   | 2022         | 2021         | 2022         | 2021         | 2022       | 2021     | 2022             | 2021         |
| Lease liabilities | 5 438        | 4 091        | 2 348        | 2 120        | 260        | -        | 2 830            | 1 971        |
| <b>Total</b>      | <b>5 438</b> | <b>4 091</b> | <b>2 348</b> | <b>2 120</b> | <b>260</b> | <b>-</b> | <b>2 830</b>     | <b>1 971</b> |

## Note 15: Taxes

## 15.1. Payable taxes

|              | 01.01.2022 | Payments | Down payments | Research tax credit | Reclassification | Period expense | 31.12.2022 |
|--------------|------------|----------|---------------|---------------------|------------------|----------------|------------|
| Asset        | (740)      | 660      | (1 129)       | (337)               | 83               | 1 097          | (366)      |
| Liability    | 310        | (299)    | (331)         | -                   | -                | 1 067          | 747        |
| <b>Total</b> |            |          |               |                     |                  | <b>2 164</b>   |            |

## 15.2. Deferred taxes

|                          | 01.01.2022   | Income statement | Movements               |                  |                                       | 31.12.2022 |
|--------------------------|--------------|------------------|-------------------------|------------------|---------------------------------------|------------|
|                          |              |                  | Other operating results | Reclassification | Other (incl. Translation adjustments) |            |
| Deferred tax assets      | (1 637)      | (681)            | 151                     | (83)             | 5                                     | (2 245)    |
| Deferred tax liabilities | 3 063        | (204)            | 6                       | -                | 25                                    | 2 890      |
| <b>Total</b>             | <b>1 426</b> | <b>(885)</b>     | <b>157</b>              | <b>(83)</b>      | <b>30</b>                             | <b>645</b> |

Deferred tax assets mainly result from provisions for pensions and other employee benefits (€ 0.4 M), tax timing differences (€ 0.5 M) and elimination of margins on inventories (€ 0.3 M) and carryforward deficits (€ 0.9 M).

Deferred tax liabilities mainly arise from differentials in the valuation and depreciation of fixed assets (€ 0.7 M) and regulated provisions (€ 1.6 M) and lease contracts activated (€ 0.3 M).

In accordance with Note 1.2.10, deferred tax assets and liabilities are offset if they concern the same taxable entity and appear on the balance sheet as assets or liabilities according to their net balance. Thus, the € 645 K at the end of 2022 are broken down between € 1 261 K in liabilities and € 616 K in assets.

### 15.3. Income tax expenses

The breakdown of tax in the income statement is as follows:

|                               | 2022         | 2021       |
|-------------------------------|--------------|------------|
| Payable taxes                 | 2 164        | 472        |
| Deferred taxes <sup>(a)</sup> | (885)        | (60)       |
| <b>Total</b>                  | <b>1 279</b> | <b>412</b> |

<sup>(a)</sup> Deferred tax expenses / income breaks down as follows:

|                                                                                                             |              |             |
|-------------------------------------------------------------------------------------------------------------|--------------|-------------|
| - Income / expenses from net provisions for/reversals of intangible and tangible capital asset depreciation | 28           | 80          |
| - Expenses on reversed regulated provisions and other taxes                                                 | (85)         | (107)       |
| - Other income and expenses                                                                                 | (80)         | (43)        |
| - Carry-forward deficits                                                                                    | (569)        | (64)        |
| - Other timing differences                                                                                  | (179)        | 74          |
| <b>Total deferred tax expense / ( income)</b>                                                               | <b>(885)</b> | <b>(60)</b> |

Reconciliation of the theoretical and the recognised income tax expense:

|                                                                 | 2022         |
|-----------------------------------------------------------------|--------------|
| <b>Current operating income of consolidated companies</b>       | <b>9 623</b> |
| Theoretical tax calculated at the legal tax rate in France      | (2 405)      |
| Net impact of non-deductible or non-taxable expenses and income | (610)        |
| Impact of non-recognised losses                                 | 344          |
| Impact of rate differentials                                    | 1 392        |
| Effective income tax expense on current operations              | (1 279)      |
| <b>Net income of consolidated companies</b>                     | <b>8 344</b> |

The net impact of non-deductible or non-taxable expenses and income essentially includes permanent timing differences.

| Rate of corporate income tax | 2022   | 2023 and subsequent |
|------------------------------|--------|---------------------|
| France                       | 25.00% | 25.00%              |

| Rate of corporate income tax | 2022   | 2023 and subsequent |                | 2022   | 2023 and subsequent |
|------------------------------|--------|---------------------|----------------|--------|---------------------|
| Germany                      | 26.68% | 26.68%              | Kazakhstan     | 20.00% | 20.00%              |
| Australia                    | 30.00% | 30.00%              | Oman           | 15.00% | 15.00%              |
| Canada                       | 23.00% | 23.00%              | United Kingdom | 25.00% | 25.00%              |
| China                        | 25.00% | 25.00%              | Russia         | 20.00% | 20.00%              |
| United States                | 21.00% | 21.00%              | Singapore      | 17.00% | 17.00%              |
| Italy                        | 27.90% | 27.90%              |                |        |                     |

## Note 16: Income from operating activities

### 16.1. Income from operating activities

|                                               | 2022           | 2021           |
|-----------------------------------------------|----------------|----------------|
| Sale of goods                                 | 135 386        | 101 267        |
| Other income                                  | 5 404          | 5 366          |
| <b>Revenue from contracts with customers</b>  | <b>140 790</b> | <b>106 633</b> |
| <b>Other income from operating activities</b> |                |                |
| Operating grants                              | 412            | 537            |
| Other income                                  | 264            | 174            |
| <b>Total income from operating activities</b> | <b>141 466</b> | <b>107 344</b> |

"Operating grants" mainly consist in Research Tax Credits.

The breakdown of turnover by business segment and by geographic area is presented in Note 19.

## 16.2. Balance of contracts

The table below provides information regarding accounts receivable and contracts assets and liabilities arising from contracts with customers.

|                      | 31/12/2022 | 31/12/2021 |
|----------------------|------------|------------|
| Accounts receivable  | 71 372     | 59 119     |
| Contract liabilities | (54 590)   | (52 142)   |

The Group has not identified significant contract assets as the contracts are short-term and regular invoices are carried out during the manufacturing phase.

Contracts liabilities correspond to advance payments received from customers, as well as prepaid income.

As allowed by IFRS 15, no disclosure is provided regarding the remaining performance obligations at 31 December 2022 for contracts with an expected initial

## Note 17: Current operating expenses

|                                                            | 2022           | 2021           |
|------------------------------------------------------------|----------------|----------------|
| Production stored                                          | (1 281)        | (27)           |
| Capitalised production                                     | (34)           | (74)           |
| Purchase of goods                                          | 12 285         | 17 843         |

(1) No reclassification between categories of financial instruments was carried out during the year.

Financial assets are measured at amortised cost, except for mutual fund shares which are classified at fair value through profit or loss, as the two following conditions are met:

- their ownership is part of a business model whose objective is to hold assets in order to collect contractual cash flows and,
- their contractual terms give rise on specified dates to cash flows which correspond only to principal repayments and interest payments on the principal remaining due.

Financial liabilities are measured at amortised cost using the effective interest rate method. Interest expenses and foreign exchange gains and losses are recognised as income. Any profit or loss related to derecognition is recorded as income.

Financial assets and liabilities are offset and presented net in the balance sheet, if and only if, the Group has currently the legally enforceable right to offset the amounts and intends either to settle them for net amount or to realize the assets and settle the liabilities simultaneously.

Trade receivables and financial assets, as well as trade payables are classified as measured at amortised cost.

Current financial assets and cash and cash equivalents are classified as measured at amortised cost, except for funds in current bank accounts and SICAV and mutual funds that are classified at fair value through profit and loss.

### Managing financial risk

Apart from its variable-rate loans, the Group has no significant market risks on its financial debt and receivables or its short-term investments. The Group's short-term investments portfolio primarily includes monetary investments. The Group owns some short-term investments based on indices whose capital is not guaranteed but have protection barriers and mutual fund shares. However, these investments represent less than 30% of the Group's cash position. The return on them is comparable to market rates.

The Group is exposed in its industrial and commercial activities to financial risks that could result from the variation of the exchange rates of certain currencies due to the location of its main production site in the Euro Zone and its sales zones located all over the world and involving billing in foreign currencies, mainly American or Canadian dollars.

The management of currency risk is based on a principle of the Group's production entities invoicing commercial entities in the local currency of the latter. This inter-company invoicing is covered by foreign exchange forwarding of their settlement in the case of significant sums.

The same principle applies to sales outside the Group for foreign currency billing of Customers.

The Group does not perform firm exchange hedging on future sales; the operating margin is therefore subject in the future to variations depending on the evolution of exchange rates.

Furthermore, the Group hold investments abroad and outside the Euro zone, whose net assets are exposed to the risk of currency rate adjustment. Net assets in the USA, China and the Near and Middle East do not have a specific coverage today.

In the context of liquidity risk management and in order to finance development projects, the Group pursues a proactive refinancing and prudent cash management policy. At 31 December 2022, the net financial structure was positive and amounted to €122,358 K.

### Financial instruments - fair value hierarchy

Financial instruments measured at fair value are level 1 (market price).

## Note 22: Managers' remuneration

|                                                         | 2022         | 2021       |
|---------------------------------------------------------|--------------|------------|
| Short-term benefits (excluding social security charges) | 749          | 660        |
| Social security charges                                 | 294          | 260        |
| <b>Total</b>                                            | <b>1 043</b> | <b>920</b> |

Managers include members of the Board of Directors and senior management.  
Remuneration includes gross salary, premiums, fringe benefits and directors' fees.  
Corporate officers have no specific retirement plan.

# Rapport des commissaires aux comptes sur les comptes consolidés

(Exercice clos le 31 décembre 2022)

## **GEVELOT SA**

6, boulevard Bineau  
92300 LEVALLOIS PERRET

### **Opinion**

En exécution de la mission qui nous a été confiée par votre assemblée générale, nous avons effectué l'audit des comptes consolidés de la société GEVELOT SA relatifs à l'exercice clos le 31 décembre 2022, tels qu'ils sont joints au présent rapport.

Nous certifions que les comptes consolidés sont, au regard du référentiel IFRS tel qu'adopté dans l'Union européenne, réguliers et sincères et donnent une image fidèle du résultat des opérations de l'exercice écoulé ainsi que de la situation financière et du patrimoine, à la fin de l'exercice, de l'ensemble constitué par les personnes et entités comprises dans la consolidation.

### **Fondement de l'opinion**

#### **Référentiel d'audit**

Nous avons effectué notre audit selon les normes d'exercice professionnel applicables en France. Nous estimons que les éléments que nous avons collectés sont suffisants et appropriés pour fonder notre opinion.

Les responsabilités qui nous incombent en vertu de ces normes sont indiquées dans la partie « Responsabilités des commissaires aux comptes relatives à l'audit des comptes consolidés » du présent rapport.

#### **Indépendance**

Nous avons réalisé notre mission d'audit dans le respect des règles d'indépendance prévues par le code de commerce et par le code de déontologie de la profession de commissaire aux comptes, sur la période du 1<sup>er</sup> janvier 2022 à la date d'émission de notre rapport.

#### **Justification des appréciations**

En application des dispositions des articles L.823-9 et R.823-7 du code de commerce relatives à la justification de nos appréciations, nous vous informons que les appréciations les plus importantes auxquelles nous avons procédé, selon notre jugement professionnel, ont porté sur le caractère approprié des principes comptables appliqués et sur le caractère raisonnable des estimations significatives retenues ainsi que sur la présentation d'ensemble des comptes.

Les appréciations ainsi portées s'inscrivent dans le contexte de l'audit des comptes consolidés pris dans leur ensemble et de la formation de notre opinion exprimée ci-avant. Nous n'exprimons pas d'opinion sur des éléments de ces comptes consolidés pris isolément.

#### **Vérifications spécifiques**

Nous avons également procédé, conformément aux normes d'exercice professionnel applicables en France, aux vérifications spécifiques prévues par les textes légaux et réglementaires des informations relatives au groupe, données dans le rapport de gestion du conseil d'administration.

Nous n'avons pas d'observation à formuler sur leur sincérité et leur concordance avec les comptes consolidés.

Nous attestons que la déclaration consolidée de performance extra-financière prévue par l'article L.225-102-1 du code de commerce figure dans les informations relatives au groupe données dans le rapport de gestion, étant précisé que, conformément aux dispositions de l'article L.823-10 de ce code, les informations contenues dans cette déclaration n'ont pas fait l'objet de notre part de vérifications de sincérité ou de concordance avec les comptes consolidés et doivent faire l'objet d'un rapport par un organisme tiers indépendant.

#### **Responsabilités de la direction et des personnes constituant le gouvernement d'entreprise relatives aux comptes consolidés**

Il appartient à la direction d'établir des comptes consolidés présentant une image fidèle conformément au référentiel IFRS tel qu'adopté dans l'Union européenne ainsi que de mettre en place le contrôle interne qu'elle estime nécessaire à l'établissement de comptes consolidés ne comportant pas d'anomalies significatives, que celles-ci proviennent de fraudes ou résultent d'erreurs.

Lors de l'établissement des comptes consolidés, il incombe à la direction d'évaluer la capacité de la société à poursuivre son exploitation, de présenter dans ces comptes, le cas échéant, les informations nécessaires relatives à la continuité d'exploitation et d'appliquer la convention comptable de continuité d'exploitation, sauf s'il est prévu de liquider la société ou de cesser son activité.

Les comptes consolidés ont été arrêtés par le conseil d'administration.

### **Responsabilités des commissaires aux comptes relatives à l'audit des comptes consolidés**

Il nous appartient d'établir un rapport sur les comptes consolidés. Notre objectif est d'obtenir l'assurance raisonnable que les comptes consolidés pris dans leur ensemble ne comportent pas d'anomalies significatives. L'assurance raisonnable correspond à un niveau élevé d'assurance, sans toutefois garantir qu'un audit réalisé conformément aux normes d'exercice professionnel permet de systématiquement détecter toute anomalie significative. Les anomalies peuvent provenir de fraudes ou résulter d'erreurs et sont considérées comme significatives lorsque l'on peut raisonnablement s'attendre à ce qu'elles puissent, prises individuellement ou en cumulé, influencer les décisions économiques que les utilisateurs des comptes prennent en se fondant sur ceux-ci.

Comme précisé par l'article L.823-10-1 du code de commerce, notre mission de certification des comptes ne consiste pas à garantir la viabilité ou la qualité de la gestion de votre société.

Dans le cadre d'un audit réalisé conformément aux normes d'exercice professionnel applicables en France, le commissaire aux comptes exerce son jugement professionnel tout au long de cet audit.

En outre :

- il identifie et évalue les risques que les comptes consolidés comportent des anomalies significatives, que celles-ci proviennent de fraudes ou résultent d'erreurs, définit et met en œuvre des procédures d'audit face à ces risques, et recueille des éléments qu'il estime suffisants et appropriés pour fonder son opinion. Le risque de non-détection d'une anomalie significative provenant d'une fraude est plus élevé que celui d'une anomalie significative résultant d'une erreur, car la fraude peut impliquer la collusion, la falsification, les omissions volontaires, les fausses déclarations ou le contournement du contrôle interne ;
- il prend connaissance du contrôle interne pertinent pour l'audit afin de définir des procédures d'audit appropriées en la circonstance, et non dans le but d'exprimer une opinion sur l'efficacité du contrôle interne ;
- il apprécie le caractère approprié des méthodes comptables retenues et le caractère raisonnable des estimations comptables faites par la direction, ainsi que les informations les concernant fournies dans les comptes consolidés ;
- il apprécie le caractère approprié de l'application par la direction de la convention comptable de continuité d'exploitation et, selon les éléments collectés, l'existence ou non d'une incertitude significative liée à des événements ou à des circonstances susceptibles de mettre en cause la capacité de la société à poursuivre son exploitation. Cette appréciation s'appuie sur les éléments collectés jusqu'à la date de son rapport, étant toutefois rappelé que des circonstances ou événements ultérieurs pourraient mettre en cause la continuité d'exploitation. S'il conclut à l'existence d'une incertitude significative, il attire l'attention des lecteurs de son rapport sur les informations fournies dans les comptes consolidés au sujet de cette incertitude ou, si ces informations ne sont pas fournies ou ne sont pas pertinentes, il formule une certification avec réserve ou un refus de certifier ;
- il apprécie la présentation d'ensemble des comptes consolidés et évalue si les comptes consolidés reflètent les opérations et événements sous-jacents de manière à en donner une image fidèle ;
- concernant l'information financière des personnes ou entités comprises dans le périmètre de consolidation, il collecte des éléments qu'il estime suffisants et appropriés pour exprimer une opinion sur les comptes consolidés. Il est responsable de la direction, de la supervision et de la réalisation de l'audit des comptes consolidés ainsi que de l'opinion exprimée sur ces comptes.

**Notes to the  
Individual Financial Statements  
at 31 December 2022**

---

## Notes to the Individual Financial Statements at 31 December 2022

These notes supplement and comment on the balance sheet prior to appropriation for period ending 31 December 2022, totalling 101,820,155.64 euros and the period's income statement, presented in report form, which totals 3,100,893.00 euros and shows a loss of 558,141.38 euros.

Notes 1 to 19 hereafter form an integral part of the annual financial statements (unless otherwise specified, all amounts are stated in thousands of euros).

The financial year is 12 months long and runs from 1 January 2022 to 31 December 2022.

These annual financial statements were drawn up by the Board of Directors on 14 April 2023.

### Note 1: Accounting principles and rules for establishing the annual financial statements.

The financial statements have been drawn up in accordance with the general principles of Regulation (ANC) N° 2014-03, updated to comply with the New Regulatory Provisions on the date of drawing up the accounts.

#### a) Main methods used

##### Intangible assets

Intangible fixed assets are valued at their acquisition cost (purchase price and incidental expenses) or at their production cost.

Depreciation is calculated on a straight-line basis over the expected life span, i.e.:

- licences for the use of software are depreciated over a period of use of 3 to 15 years,
- development costs are depreciated over a period of 5 years. They cover the costs of implementing Software-as-a-Service solutions.

##### Tangible assets

Tangible assets are measured at their acquisition cost (purchase price plus costs excluding borrowing costs).

Since 1 January 2005, the company applied the regulations on assets with regard to the amortisation, depreciation (CRC regulation 2002-10) definition, measurement and recognition thereof (CRC regulation 2004-06).

Gévelot SA, by way of exception to the general retrospective principle, has thus adopted the approach known as reallocation of net carrying amounts in accordance with the first-time adoption provisions of the new rules.

Amortisation is calculated by the straight-line method according to the expected estimated useful life: it is based on the acquisition amount less the estimated residual value at the end of estimated useful life.

Estimated useful lives:

- office space: straight-line, 40 years,
- other tangible assets: straight-line, 5 to 20 years.

Any components of the above and the methods applied are specified below:

- Buildings
  - o Structural work: straight-line, 40 years,
  - o Fit-outs and conversions: straight-line, 20 years,
  - o Façade rendering: straight-line, 10 years,
  - o Weatherproofing: straight-line, 20 years.

##### Impairment of assets

If there is any indication that an asset or group of assets has lost value, an impairment test is performed. An asset or group of assets is impaired if its net carrying amount exceeds its current value.

The current value of asset or group of assets is the higher of the value of its net selling price and that of the future economic benefits expected to be derived from use thereof.

##### Equity investments

Equity investments are recognised at acquisition cost or their contribution value, barring statutory revaluation.

The carrying amount is compared with the share of equity held in the company concerned.

If this share is lower than the carrying amount, an additional analysis is carried out to estimate the value in use of equity investments according to its rate of return and future prospects. If the value in use thus measured is lower than the carrying amount of the equity investments in question, the difference between these two values is written down.

## Other asset components

On closing, the net carrying amount of asset components other than intangible and tangible assets is compared with their current value on the same date.

If this value is lower than the carrying amount, the difference is written down.

## Short-term investments

These are measured at acquisition cost. If their liquidation or probable selling value on closing is lower, the difference is written down.

A net depreciation of € 2.1 million was recognised over the period as part of the year-end valuation.

The market value of short-term investments on 31 December 2022, comprising contract capitalisation, structured products and investments in mutual funds, totals € 48.6 million.

## Regulated provisions

The regulated provisions stated in the balance sheet are capital cost allowances on intangible and tangible assets. They are offset in the income statement as unusual expenses and gains.

Derogatory amortisations are mainly the result of a difference in duration.

## Provisions

Provisions cover specifically identified contingencies and losses identified in accordance with general chart of accounts.

## b) Tax integration

Since 1 January 1995, Gévelot SA has opted for a group taxation system whereby it is liable for tax on the group's income. Under tax integration agreements entered into with consolidated companies, each Company recognizes the income tax expense as if there were no tax integration in place.

The Group comprises the Parent Company, Gévelot SA, « head of group » and French Subsidiaries: PCM SA, PCM Europe SAS, PCM Manufacturing France SAS and PCM Technologies SAS.

Its income net of tax of € 675 K correspond to the tax income relating to entities included in the Group's tax integration.

## c) Pensions

Upon retirement, staff members receive collectively agreed or contractual benefits. The corresponding commitments are, to a large extent, covered by insurance. The uncovered residual quota is not entered into the accounts and is therefore shown as off-balance-sheet commitments.

Gévelot SA applies the method of allocating benefit entitlements to its defined benefit schemes, which leads to the commitment being spread only from the date on which each year of service counts towards the acquisition of benefit entitlements, i.e. over the period preceding the retirement age to reach the cap.

## d) Significant events

In November 2022, Gévelot SA acquired 596 m<sup>2</sup> of office space in a building located in Levallois-Perret for €6.7 million. These premises are leased to third party companies.

Gévelot S.A. has repurchased 10,382 of its own shares for a total amount of €1,842 K in FY 2022.

The Board of Directors meeting on 13 October 2022 decided to reduce the capital by cancelling 9,890 treasury shares (1.3%). As a result, Gévelot's new capital amounts to €26,586,350 or 759,610 shares at a nominal value of €35.

## e) Climate change

Faced with the climate emergency characterised by pollution and the gradual disappearance of species and resources, as well as regulatory changes in environmental matters, Gévelot SA, through its PCM subsidiary, has embarked on a voluntary CSR approach.

In particular, Gévelot SA is committed to reducing the environmental impact of its activities by, for example, optimising waste management and promoting eco-responsible initiatives while ensuring compliance with regulations.

At this stage, Gévelot SA has not identified any impact either on the valuation of its assets or on the future development of its activities.

## f) Post closing events

Gévelot SA has taken steps to merge its accounts with the accounts of Rosclodan SA, which holds 8.2% of the company's capital, by way of absorption of the latter. The transaction is expected to be completed in June 2023.

## Note 2: Capital assets and amortisation

| . Dividends paid                                                                                                   | (2 308) |
| Equity on opening of period 2022                                                                                   | 88 164  |
| Changes in period:                                                                                                 | (1 730) |
| . Cancellation of treasury shares                                                                                  | (1 752) |
| . Changes in premiums, reserves, retained earnings                                                                 | -       |
| . Changes in regulated provisions and investment grants                                                            | 22      |
| Equity in the closing balance sheet for period 2022 prior to income                                                | 86 434  |

## Note 12: Breakdown of net turnover

### a) Breakdown by business segment

|              | Amount 2022 | Amount 2021 |
|--------------|-------------|-------------|
| Rents        | 298         | 267         |
| Services     | 668         | 525         |
| <b>Total</b> | <b>966</b>  | <b>792</b>  |

### b) Breakdown by geographical segment

|              | Amount 2022 | Amount 2021 |
|--------------|-------------|-------------|
| France       | 966         | 792         |
| <b>Total</b> | <b>966</b>  | <b>792</b>  |

## Note 13: Unusual items

The main items included under this heading are:

| Headings                            | Amount 2022 | Amount 2021 |
|-------------------------------------|-------------|-------------|
| Capital cost allowances             | (22)        | (19)        |
| Gains / (losses) on sales of assets | 3           | -           |
| Other items, net                    | -           | -           |
| <b>Total</b>                        | <b>(19)</b> | <b>(19)</b> |

## Note 14: Income tax

The breakdown of income tax between pre-tax income and unusual items is as follows:

| Headings                        | Pre-tax income (loss) at 31.12.2022 | Amount of income tax 2022 | Net income (loss) at 31.12.2022 |
|---------------------------------|-------------------------------------|---------------------------|---------------------------------|
| Pre-tax income                  | (1 214)                             | (642)                     | (572)                           |
| Unusual items                   | (19)                                | (5)                       | (14)                            |
| Impact of tax loss carryforward | -                                   | 647                       | (647)                           |
| Effect of tax integration       | -                                   | (675)                     | 675                             |
| <b>Total</b>                    | <b>(1 233)</b>                      | <b>(675)</b>              | <b>(558)</b>                    |

The tax rate is 25%.

Gévelot SA has a tax loss carryforward of € 3.099 million at the end of 2022.

The effect on the period's taxes of dispensatory tax assessments due to capital cost allowances is € 6 K (income).

### Increase and decrease in the future tax debt

The future tax debt will be € 311 K higher due to the reversal of capital cost allowances for € 1.245 million.

## Note 15: Off-balance sheet commitments

|                                                   | Amount at 31.12.2022 | Amount at 31.12.2021 |
|---------------------------------------------------|----------------------|----------------------|

| At more than 5 years                  | 140                  | 140                 |
| <b>Total</b>                          | <b>140</b>           | <b>140</b>          |
| Amount taken as expense in the period | 117                  | 117                 |

**Retirement commitments (I.F.C.)**

Retirement commitments are calculated for each category of staff: clerical, executive, according to length of service and average salary, social security charges included, using the method called "projected benefit obligation", in accordance with CNC Recommendation 2013-02 dated 7 November 2013, amended on 5 November 2021.

The company had decided to adopt the method of allocating benefit entitlements to its defined benefit schemes, which leads to the commitment being spread only from the date on which each year of service counts towards the acquisition of benefit entitlements, i.e. over the period preceding the retirement age to reach the cap.

The main actuarial assumptions used to calculate the commitment at 31/12/2022 are: a discount rate of 3.70%, a salary increase rate of 2.5% and a retirement age of 63 for non-managers and 65 for managers.

There is no commitment as of December 31, 2022, the IFC social liabilities (€ 45 K) being fully covered by the value of the fund as of December 31, 2022 (€ 67 K) held by Axa France Vie as part of a contract enabling these commitments to be outsourced.

## Note 16: Managers' remuneration

The total remuneration of the management bodies is not provided as this would lead indirectly to giving individual compensation.

## Note 17: Average headcount

|                                           | 2 022    | 2 021    |
|-------------------------------------------|----------|----------|
| Managerial / executive staff              | 4        | 4        |
| Supervisory, technical and clerical staff | 1        | 1        |
| <b>Total</b>                              | <b>5</b> | <b>5</b> |

## Note 18: Consolidating company

Gévelot S.A., Siren n° 562088542 located at 6 boulevard Bineau 92300 Levallois-Perret, is the consolidating company of the Gévelot Group.

## Note 19: Subsidiaries and equity investments at 31 December 2022

(\*) In accordance with the decision of the Board of Directors of 20 June 2018, and under the authorisation given by the Combined General Meeting of 15 June 2017, a capital reduction of € 1,785,000 through cancellation of the 51,000 treasury shares held by Gévelot S.A..

At the end of 2018, the share capital thus stands at € 26,932,500 comprising 769,500 shares each with a par value of € 35.

(\*\*) In accordance with the decision of the Board of Directors of 13 October 2022, and under the authorisation given by the Combined General Meeting of 15 June 2022, a capital reduction of € 346,150 through cancellation of the 9,890 treasury shares held by Gévelot S.A..

At the end of 2022, the share capital thus stands at € 26,586,350 comprising 759,610 shares each with a par value of € 35.

# RAPPORT DES COMMISSAIRES AUX COMPTES SUR LES COMPTES ANNUELS

(Exercice clos le 31 décembre 2022)

## GEVELOT SA

6, boulevard Bineau  
92300 LEVALLOIS PERRET

A l'assemblée générale de la société GEVELOT SA

### Opinion

En exécution de la mission qui nous a été confiée par votre assemblée générale, nous avons effectué l'audit des comptes annuels de la société GEVELOT SA relatifs à l'exercice clos le 31 décembre 2022, tels qu'ils sont joints au présent rapport.

Nous certifions que les comptes annuels sont, au regard des règles et principes comptables français, réguliers et sincères et donnent une image fidèle du résultat des opérations de l'exercice écoulé ainsi que de la situation financière et du patrimoine de la société à la fin de cet exercice.

### Fondement de l'opinion

#### **Référentiel d'audit**

Nous avons effectué notre audit selon les normes d'exercice professionnel applicables en France. Nous estimons que les éléments que nous avons collectés sont suffisants et appropriés pour fonder notre opinion.

Les responsabilités qui nous incombent en vertu de ces normes sont indiquées dans la partie « Responsabilités des commissaires aux comptes relatives à l'audit des comptes annuels » du présent rapport.

#### **Indépendance**

Nous avons réalisé notre mission d'audit dans le respect des règles d'indépendance prévues par le code de commerce et par le code de déontologie de la profession de commissaire aux comptes sur la période du 1<sup>er</sup> janvier 2022 à la date d'émission de notre rapport.

### Justification des appréciations

En application des dispositions des articles L.823-9 et R.823-7 du code de commerce relatives à la justification de nos appréciations, nous vous informons que les appréciations les plus importantes auxquelles nous avons procédé, selon notre jugement professionnel, ont porté sur le caractère approprié des principes comptables appliqués et sur le caractère raisonnable des estimations significatives retenues ainsi que sur la présentation d'ensemble des comptes.

Les appréciations ainsi portées s'inscrivent dans le contexte de l'audit des comptes annuels pris dans leur ensemble et de la formation de notre opinion exprimée ci-avant. Nous n'exprimons pas d'opinion sur des éléments de ces comptes annuels pris isolément.

### Vérifications spécifiques

Nous avons également procédé, conformément aux normes d'exercice professionnel applicables en France, aux vérifications spécifiques prévues par les textes légaux et réglementaires.

#### **Informations données dans le rapport de gestion et dans les autres documents sur la situation financière et les comptes annuels adressés aux actionnaires**

Nous n'avons pas d'observation à formuler sur la sincérité et la concordance avec les comptes annuels des informations données dans le rapport de gestion du conseil d'administration et dans les autres documents sur la situation financière et les comptes annuels adressés aux actionnaires.

Nous attestons de la sincérité et de la concordance avec les comptes annuels des informations relatives aux délais de paiement mentionnées à l'article D.441-6 du code de commerce.

#### **Informations relatives au gouvernement d'entreprise**

Nous attestons de l'existence, dans la section du rapport de gestion du conseil d'administration consacrée au gouvernement d'entreprise des informations requises par l'article L.225-37-4 du code de commerce.

## **Autres informations**

En application de la loi, nous nous sommes assurés que les diverses informations relatives à l'identité des détenteurs du capital ou des droits de vote vous ont été communiquées dans le rapport de gestion.

## **Responsabilités de la direction et des personnes constituant le gouvernement d'entreprise relatives aux comptes annuels**

Il appartient à la direction d'établir des comptes annuels présentant une image fidèle conformément aux règles et principes comptables français ainsi que de mettre en place le contrôle interne qu'elle estime nécessaire à l'établissement de comptes annuels ne comportant pas d'anomalies significatives, que celles-ci proviennent de fraudes ou résultent d'erreurs.

Lors de l'établissement des comptes annuels, il incombe à la direction d'évaluer la capacité de la société à poursuivre son exploitation, de présenter dans ces comptes, le cas échéant, les informations nécessaires relatives à la continuité d'exploitation et d'appliquer la convention comptable de continuité d'exploitation, sauf s'il est prévu de liquider la société ou de cesser son activité.

Les comptes annuels ont été arrêtés par le conseil d'administration.

## **Responsabilités des commissaires aux comptes relatives à l'audit des comptes annuels**

Il nous appartient d'établir un rapport sur les comptes annuels. Notre objectif est d'obtenir l'assurance raisonnable que les comptes annuels pris dans leur ensemble ne comportent pas d'anomalies significatives. L'assurance raisonnable correspond à un niveau élevé d'assurance, sans toutefois garantir qu'un audit réalisé conformément aux normes d'exercice professionnel permet de systématiquement détecter toute anomalie significative. Les anomalies peuvent provenir de fraudes ou résulter d'erreurs et sont considérées comme significatives lorsque l'on peut raisonnablement s'attendre à ce qu'elles puissent, prises individuellement ou en cumulé, influencer les décisions économiques que les utilisateurs des comptes prennent en se fondant sur ceux-ci.

Comme précisé par l'article L.823-10-1 du code de commerce, notre mission de certification des comptes ne consiste pas à garantir la viabilité ou la qualité de la gestion de votre société.

Dans le cadre d'un audit réalisé conformément aux normes d'exercice professionnel applicables en France, le commissaire aux comptes exerce son jugement professionnel tout au long de cet audit. En outre :

- il identifie et évalue les risques que les comptes annuels comportent des anomalies significatives, que celles-ci proviennent de fraudes ou résultent d'erreurs, définit et met en œuvre des procédures d'audit face à ces risques, et recueille des éléments qu'il estime suffisants et appropriés pour fonder son opinion. Le risque de non-détection d'une anomalie significative provenant d'une fraude est plus élevé que celui d'une anomalie significative résultant d'une erreur, car la fraude peut impliquer la collusion, la falsification, les omissions volontaires, les fausses déclarations ou le contournement du contrôle interne ;
- il prend connaissance du contrôle interne pertinent pour l'audit afin de définir des procédures d'audit appropriées en la circonstance, et non dans le but d'exprimer une opinion sur l'efficacité du contrôle interne ;
- il apprécie le caractère approprié des méthodes comptables retenues et le caractère raisonnable des estimations comptables faites par la direction, ainsi que les informations les concernant fournies dans les comptes annuels ;
- il apprécie le caractère approprié de l'application par la direction de la convention comptable de continuité d'exploitation et, selon les éléments collectés, l'existence ou non d'une incertitude significative liée à des événements ou à des circonstances susceptibles de mettre en cause la capacité de la société à poursuivre son exploitation. Cette appréciation s'appuie sur les éléments collectés jusqu'à la date de son rapport, étant toutefois rappelé que des circonstances ou événements ultérieurs pourraient mettre en cause la continuité d'exploitation. S'il conclut à l'existence d'une incertitude significative, il attire l'attention des lecteurs de son rapport sur les informations fournies dans les comptes annuels au sujet de cette incertitude ou, si ces informations ne sont pas fournies ou ne sont pas pertinentes, il formule une certification avec réserve ou un refus de certifier ;
- il apprécie la présentation d'ensemble des comptes annuels et évalue si les comptes annuels reflètent les opérations et événements sous-jacents de manière à en donner une image fidèle.

# RAPPORT SPECIAL DES COMMISSAIRES AUX COMPTES SUR LES CONVENTIONS REGLEMENTEES

Exercice clos le 31 décembre 2022

## **GEVELOT SA**

6, boulevard Bineau  
92300 LEVALLOIS-PERRET

A l'assemblée générale de la société GEVELOT SA,

En notre qualité de commissaires aux comptes de votre société, nous vous présentons notre rapport sur les conventions réglementées.

Il nous appartient de vous communiquer, sur la base des informations qui nous ont été données, les caractéristiques, les modalités essentielles ainsi que les motifs justifiant de l'intérêt pour la société des conventions dont nous avons été avisés ou que nous aurions découvertes à l'occasion de notre mission, sans avoir à nous prononcer sur leur utilité et leur bien-fondé ni à rechercher l'existence d'autres conventions.

Il vous appartient, selon les termes de l'article R. 225-31 du code de commerce, d'apprécier l'intérêt qui s'attache à la conclusion de ces conventions en vue de leur approbation.

Par ailleurs, il nous appartient, le cas échéant, de vous communiquer les informations prévues à l'article R.225-31 du code de commerce relatives à l'exécution, au cours de l'exercice écoulé, des conventions déjà approuvées par l'assemblée générale.

Nous avons mis en œuvre les diligences que nous avons estimé nécessaires au regard de la doctrine professionnelle de la Compagnie nationale des commissaires aux comptes relative à cette mission.

## **CONVENTIONS SOUMISES A L'APPROBATION DE L'ASSEMBLEE GENERALE**

Nous vous informons qu'il ne nous a été donné avis d'aucune convention autorisée et conclue au cours de l'exercice écoulé à soumettre à l'approbation de l'assemblée générale, en application des dispositions de l'article L. 225-38 du Code de commerce.

## **CONVENTIONS DEJA APPROUVEES PAR L'ASSEMBLEE GENERALE**

Nous vous informons qu'il ne nous a été donné avis d'aucune convention déjà approuvée par l'assemblée générale dont l'exécution se serait poursuivie au cours de l'exercice écoulé.

# Resolutions

## Submitted to the Combined Annual and Extraordinary General Meeting of 15 June 2023

### I – ORDINARY RESOLUTIONS

#### First Resolution

The General Meeting, having listened to the operating and financial review of the Board of Directors and to the Auditors' report, approves the said reports in their entirety, as well as the 2022 Annual Individual Financial Statements, which show a net loss of € 558 K.

#### Second Resolution

The General Meeting, having listened to the operating and financial review of the Board of Directors and to the Auditors' report, approves the Annual Consolidated Financial Statements as presented, which show a Group share of net consolidated income of € 8.0 M for financial year 2022.

#### Third Resolution

The General Meeting takes due note of the Auditors' special report on the regulated Agreements and Commitments referred to in Article L.225-38 of the French Commercial Code and approves the said transactions.

#### Fourth Resolution

The General Meeting decides to allocate the period's deficit of .....- € 558 141.38 plus previous retained earnings of .....€ 16 003 981.67 forming the distributable profit of .....€ 15 445 840.29

as follows:

. Dividend .....€ 3 038 440.00  
- € 3 038 440.00

Balance to retained earnings after allocation .....€ 12 407 400.29

The overall dividend therefore amounts to € 4.00 per share for 759 610 shares, i.e. € 3,038,440.00 and will be distributed from 30 June 2023.

In accordance with Article 243 bis of the French General Tax Code, it is stipulated that the totality of the proposed dividend is eligible for the 40% tax allowance benefiting to individuals domiciled in France according to Article 158-3,2° of the General Tax Code. This allowance applies only in the case of an express, irrevocable and global option for taxation according to the progressive income tax schedule when filing the annual income statement of the beneficiary. In the absence of such an option, the dividend to be distributed to these individuals domiciled in France falls within the scope of the single flat-rate levy (PFU) without the application of the 40% tax allowance.

Prior to payment, the dividend is subject to social security contributions and to the 12.8% mandatory non-statutory levy written in Article 117 quater of the French General Tax Code, paid as an advance payment of income tax, except where the taxpayer has duly waived the exemption.

In application of Article 243 bis of the General Tax Code, it is reminded that the payment of the following dividends has been carried out in the last three accounting years, these dividends being fully eligible for the 40% tax allowance mentioned in Article 158.3.2° of the General Tax Code:

| Period      | Net  | Number of shares |         |
|-------------|------|------------------|---------|
|             |      | served           | total   |

#### Fifth Resolution

The General Meeting hereby discharges the Directors from their corporate duties for financial year 2022.

#### Sixth Resolution

Mrs Roselyne MARTIGNONI's directorship being expired, the General Meeting renews her mandate for a period of three years until the 2026 General Meeting that will be called to approve the accounts of financial year 2025.

#### Seventh Resolution

Mr Mario MARTIGNONI's directorship being expired, the General Meeting renews his mandate for a period of three years until the 2026 General Meeting that will be called to approve the accounts of financial year 2025.

#### Eighth Resolution

Mr Jacques FAY's directorship being expired, the General Meeting renews his mandate for a period of three years until the 2026 General Meeting that will be called to approve the accounts of financial year 2025.

#### Ninth Resolution

The General Meeting, on proposal of the Board of Directors, appoints as new Director of the Company, Mr. Philippe BARBELANE for a period of three years until the 2026 General Meeting that will be called to approve the accounts of financial year 2025.

#### Tenth Résolution

As the mission of PricewaterhouseCoopers Audit, the statutory auditors, has expired, the General Meeting renews its mission for six financial years, i.e. until the General Meeting in 2029 which shall decide on the accounts for financial year 2028.

## Eleventh Resolution

As the mission of RSM, the statutory auditors, has expired, the General Meeting renews its mission for six financial years, i.e. until the General Meeting in 2029 which shall decide on the accounts for financial year 2028.

## II – EXTRAORDINARY RESOLUTIONS

### Twelfth Resolution

#### Examination and approval of the merger by way of absorption of the ROSCLODAN company by the GEVELOT company and the resulting capital increase of €2,194,500

The general meeting, ruling under required quorum and majority conditions for extraordinary general meetings, after taking note of:

- the report of the Board of Directors to the General Assembly
- reports from Sefico Audit, the merger commissioner, on the terms of the proposed merger and the value of the in-kind contributions and special benefits,
- the merger agreement dated 3 May 2023 under which Rosclodan, a public limited company with a capital of 40,260 euros, whose registered office is located at 121 avenue des Champs Elysées 75008 Paris, registered under number 552 152 670 R.C.S. Paris, transmits, through a merger, to Gévelot, all the assets, valued at €11,717,628.51, and liabilities valued at €109,095.52, i.e. net assets transferred of €11,608,532.99, subject to the allocation to the shareholders of the absorbed company, according to a parity of 95 Gévelot shares for 1 Rosclodan share, of 62,700 new shares of 35 euros nominal each to be issued by Gévelot as an increase in its share capital of €2,194,500,

1. approves the proposed merger, under the terms and conditions agreed in the merger agreement and especially its accounting and tax effective date on 1 January 2023, the valuation given to the assets and liabilities transferred, the agreed parity, and the resulting capital increase;

2. notes that the extraordinary general meeting of shareholders of Rosclodan is called to decide on the merger on 15 June 2023;

3. decides to increase the share capital of the Company by €2,194,500 from €26,586,350 to €28,780,850, by issuing 62,700 new Gévelot shares with a nominal value of €35 each, fully paid up, fully assimilated to the old shares and allocated to the shareholders of Rosclodan at the rate of 95 Gévelot shares for 1 Rosclodan share and notes that the difference between the net assets transmitted by Rosclodan, or, 11,608,532.99 euros, and the nominal value of the shares that will be issued by Gévelot under the aforementioned capital increase (i.e. 2,194,500 euros), accordingly to 9,414,032.99 euros, will constitute a merger premium and authorises the Board of Directors with the option of subdelegation to the Chairman and Chief Executive Officer to deduct from the amount of the merger premium the costs, duties, taxes and fees incurred by the merger, and to provide any provision or reserve to cover tax commitments made in the merger agreement. In the event of the dismemberment of existing ownership of certain Rosclodan shares, this will be, unless otherwise expressly decided by the bare owner and the usufructuary, postponed by application of the mechanism of real subrogation on the Gévelot shares which will be allocated in exchange for the shares of Rosclodan whose property would be dismembered.

4. notes the definitive completion of the merger and the dissolution without liquidation of the Rosclodan company;

5. gives all powers to Mr. Mario Martignoni, Chairman and Chief Executive Officer, with the right to delegate to any person of his choice, for the purpose of drawing up any confirmatory, complementary or amending acts related to the merger that may be necessary, to complete all necessary formalities for the completion of the merger, to fulfil all formalities, to make all declarations to the administrations as well as all notices and notifications to anyone related to the completion of the merger.

### Thirteenth resolution

#### Capital reduction of €2,194,500 by cancellation of 62,700 Gévelot shares received in the merger as covered in the previous resolution

The General Meeting, acting under the conditions of quorum and majority required for extraordinary general meetings, read the report of the Board of Directors and the report of the Statutory Auditors on the reasons for and conditions of the capital reduction:

- decides to reduce its capital by €2,194,500 from €28,780,850 to €26,586,350 by cancelling 62,700 Gévelot shares with a nominal value of €35 received by the latter in the context of the merger subject to previous resolution;
- decides to charge the capital reduction fee of €9,412,294 corresponding to the difference between the nominal amount of the 62,700 cancelled shares (i.e. €2,194,500) and the value for which these shares will be transferred in the accounts of Gévelot (€11,606,794) to the "merger premium" account at the appropriate time.

### Fourteenth resolution

#### Amendment of Article 6 of the articles of association as a result of the two previous resolutions

The General Meeting, acting under the conditions of quorum and majority required for extraordinary general meetings, has taken note of the Board of Directors' report, as a result of the adoption of the preceding resolutions, to amend Article 6 of the Articles of Association (Share Capital) by replacing its last paragraph with the following two paragraphs:

*"Under the terms of the resolutions adopted on 15 June 2023 by the Combined General Meeting of Shareholders, the shareholders approved the merger by way of absorption of the Rosclodan limited company with a capital of 40,260 euros whose registered office was located at 121 avenue des Champs Elysées 75008 Paris, registered under number 552 152 670 R.C.S. Paris. As a result, Rosclodan has transferred to the Company, as a merger, all of its assets and liabilities, the real value of which has been valued at €11,608,532.99, including €9,414,032.99 as a merger premium. As compensation for this merger, the Company issued 62,700 shares with a nominal value of €35 issued as an increase in its capital from €26,586,350 to €28,780,850. The Company's capital was then reduced by €2,194,500 from €28,780,850 to €26,586,350 by cancelling 62,700 shares of the Company received from Rosclodan in connection with the merger by way of absorption of the latter".*

*It is now set at €26,586,350 divided into 759,610 shares valued at €35 each, fully paid up and all of the same class."*

### III – ORDINARY RESOLUTION

#### Fifteenth Resolution

Transferred to the eighteenth resolution.

### IV – EXTRAORDINARY RESOLUTIONS (addendum)

#### Sixteenth Resolution

##### Amendment of the Article 14 of the articles of association (Directors shares)

The General Meeting, ruling under the quorum and majority conditions required for Extraordinary General Meetings, having considered the Report of the Board of Directors, decides to reduce the number of shares that each of the directors must own and to modify article 14 of the Articles of Association “Directors shares” which becomes worded as follows:

##### Old wording:

“Each Director must own, throughout his term of office, one hundred registered shares. »

##### New wording:

“Each Director must be the owner, for the duration of his term of office, of ten registered shares. »

### V – ORDINARY RESOLUTIONS (addendum)

#### Seventeenth Resolution

##### (Modification of the remuneration allocated to Directors for their activity on the Board of Directors)

The General Meeting sets at 120,000.00 Euros the total amount per exercise of the remuneration allocated to the Directors. This decision is applicable from the current financial year and will be maintained until a new decision.

#### Eighteenth Resolution (Powers)

To proceed with any publication and filing required by law, and generally to carry out any statutory formalities, all powers are vested in the holder of original or duplicated copies or excerpts of these resolutions.
